REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
Quezon City

EIGHTEENTH CONGRESS
First Regular Session

House Bill No. 6906

Introduced by MAGDALO Party-List Representative
HON. MANUEL DG. CABOCHAN III

EXPLANATORY NOTE

The coronavirus pandemic has brought about a challenging time in our country. COVID-19 cases are increasing and numerous have succumbed to the viral disease, including health workers. According to the latest report of the Health Department, around 2,067 medical frontliners tested positive for novel coronavirus with 643 recoveries and 35 deaths.¹ The World Health Organization previously flagged our country over the increasing number of healthcare workers infected with COVID-19.

Despite the dangers, workers in critical industries such as healthcare workers, grocery store staff and delivery providers continue to work to provide essential goods and services to the public. The frontliners selflessly ensure the safety and survival of our nation while compromising their own. Their role during crises is indispensable. Thus, the most fitting recognition of their service is to ensure better work conditions.

This bill mandates the provision of hazard pay for workers in critical industries in the duration of a state of calamity, emergency or public health emergency such as the

coronavirus pandemic. The hazard pay shall be equivalent to at least 25% of the basic salary of the affected worker.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
