Republic of the Philippines  
HOUSE OF REPRESENTATIVES  

EIGHTEENTH CONGRESS  
Second Regular Session  

HOUSE BILL NO. 7486  

Introduced by HON. JESUS “BONG” C. SUNTAY  

EXPLANATORY NOTE  

This bill seeks to provide a more inclusive and responsive loan program for students to make tertiary education more accessible.  

Section 1, Article XIV of the 1987 Constitution provides that:  

“The State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all.”  

Education is not only a major factor in the nation’s economic and social growth but also an important tool for human development. However, despite government efforts to make education accessible to all citizens through scholarships, grant-in-aid, and special loan programs, quality education remains inaccessible to many, especially to the poor or underprivileged. With the high cost of tuition, school fees, and other education-related expenses necessary to enroll in higher education institutions, many high school graduates are unable to pursue higher education for lack of financial resources.  

Republic Act No. 10931, otherwise known as the “Universal Access to Quality Tertiary Education Act,” provides a student loan program to those who want to pursue higher education. However, due to various factors such as limited scope and coverage, limited funds, dubious loan processes, and inefficient loan collection schemes, the program turns out to be inadequate to enable eligible citizens full access to higher education.  

ATTY. JESUS “BONG” C. SUNTAY
