EIGHTEENTH CONGRESS

HOUSE BILL NO. 7787

Introduced by Representative FAUSTINO ‘INNO’ A. DY V

EXPLANATORY NOTE

This bill seeks to declare Barangay San Miguel in the Municipality of Echague, Province of Isabela as an ecotourism zone.

Tourism drives economic growth, and in the Philippines, it is the ecotourism sector that grows the most rapidly. But that rapid growth, left unchecked, could result in irreversible damage to Philippine ecology and biodiversity, killing plants and animals while dispossessing people who rely on the ecotourism for their livelihood. As such, to preserve the ecology, to help communities reliant on ecotourism, and to sustain tourism-driven economic growth, the State must craft measures to better manage ecotourism, ensuring ecotourism zones are managed in ways that are sustainable, pro-community, and pro-ecology. This bill is one such measure.

Barangay San Miguel is the remotest barangay of the Municipality of Echague. Located fifty kilometers away from the town proper, at the foot of the Sierra Madre Mountains, the Barangay hosts the Dipanning Cave Eco-Trail, the Dicalabbagin Falls Circuit, and the Iloguen White Sand River. The area boasts of high biodiversity, hosting endemic and endangered birds such as the Isabela Oriole and the Rufous Hornbill, locally known as the Kalaw.

As part of the Filipinos’ priceless natural heritage, the area warrants the protection of the law, a protection that this Act seeks to carry out in three ways: (1) declaring Barangay San Miguel into an ecotourism zone; (2) creating a Council that will ensure the zone is developed sustainably; and (3) directing national agencies to support and prioritize the zone for sustainable development.

For the foregoing cogent reasons, the passage of this bill is earnestly sought.
