REPUBLIC OF THE PHILIPPINES  
HOUSE OF REPRESENTATIVES  
Quezon City  

EIGHTEENTH CONGRESS  
Second Regular Session  

House Bill No. 8013  

Introduced by Pangasinan Fifth District Representative  
HON. RAMON V. GUICO III  

EXPLANATORY NOTE  

Buses and trucks have been very well known to cause devastating road fatalities. The weight and size of these road behemoths, coupled with its more often than not overworked drivers, and our subpar road and transportation system had become a malicious combination that has claimed hundreds of lives and injured many others.  

Take for instance the “Don Mariano” bus line accident on December 2013, wherein the bus full of passengers had crashed down from the Skyway in Alabang. It resulted to the death of 18 persons and injuries to 11 others. Upon investigation, it was revealed that the driver was forced to work non-stop for 19 hours just so he can meet his daily quota and earn enough for his commission.  

More recently in San Jose del Monte, Bulacan, a mother and her infant child were killed after they were crushed by a flatbed truck carrying a backhoe. Nine (9) others were injured. The driver, after being subjected to a drug test, had admitted and was proven to have used drugs prior to the accident. While it might be difficult to surmise the motivations behind the driver’s drug use, we can agree that many kinds of illegal drugs, including shabu, are known to be highly addictive stimulants and can be abused to surpass a person’s physiological limits, therefore enabling one to work for extended periods of time. Ultimately, this puts a strain not only to a person’s mental capacity, but his physical wellbeing as well.  

The very thought of these freak accidents had led this representation to mull over a measure to minimize, if not wholly prevent the recurrence of these deadly events. The root of the problem is readily apparent: unregulated work hours and improper fatigue management for drivers. As such, under this Act, the government shall impose standardized work hours and give bus and truck drivers the right to a monthly salary. Ultimately, it shall preserve the health and overall wellbeing of these drivers; and provide greater safety for passengers and innocent bystanders alike.  

In honest exchange for better working conditions and regular pay, this representation seeks to hold our bus ad truck drivers to a higher standard. They are beholden to be in peak health and should only be operating road-worthy vehicles, thus the additional requirement for a medical certificate and a Certificate of Roadworthiness as they renew their license every year.  

In view of the foregoing, the approval of this measure is earnestly sought.  

Rep. Ramon V. Guico III
