Horse racing has been conducted in the Philippines for more than 150 years, one of the very first countries in the Far East to have welcomed the “Sport of Kings,” which today has grown by leaps and bounds in most of Asia, most notably in Japan, Singapore, Hong Kong and Korea.

Unfortunately, the same vibrant development of the sport in Asia has not happened in the Philippines notwithstanding its rich history and tradition. Its popularity as a spectator sport has been on a continuing decline for the past decade and many of its loyal fan base, the racing aficionados, have found alternate forms of sports-entertainment, leaving to doubt the future of horse racing and the vast industry it supports.

Amidst this huge challenge, a vibrant group of industry stalwarts, established and multi-awarded horse owners and horse breeders, are determined to bring horse racing back to its glory days. They intend to accomplish this lofty objective by providing a better alternative to addressing the major concerns of the local horse racing industry through fresh investments and innovation.

To accomplish this task, the group has already secured 50 hectares of property along a national highway to set-up their new racing facility, highlighted by three international-grade racetracks, two of which shall be dedicated exclusively for training and one premiere track for actual racing, capable of hosting events for both daytime and nighttime races.

The new racing complex will also include state-of-the-art stabling facilities for at least 1,200 horses, with support facilities for the proper storage of feeds (feed bins), lodging for stable hands, farrier services and 24/7 on-call veterinary services and emergency facilities for the proper care of horses. A modern equine pool shall also be set-up adjacent to the stabling grounds as alternate facility for the conditioning and rehabilitation of horses.
To promote the conduct of the sport to a much larger audience of racing fans, the new club will also invest in state-of-the-art broadcast facilities that could transmit live nationwide telecast of the races through cable, satellite and via the internet. These live broadcast of races will also be made available in strategically located Off-Track Betting (OTB) sites in major towns and cities nationwide with the support of host LGUs.

In addition, online betting and telephone betting shall also be made available for racing fans in the comforts of their home, as well as, in major sports bars, hotels and resorts throughout the country.

It is the ultimate goal of the Hapi Jockey Club, Inc. to uphold its role as the vanguard of the sports’ revered tradition, as well as, to become the catalyst of progress and innovation for the P30-Billion industry that has stagnated for a very long time.

As a group with a proven record of leadership and excellence in the sport, the Hapi Jockey Club, Inc. is spearheaded by renowned sports’ patron Aristeo “Putch” Puyat, prime mover of the Philippines’ rise in the sport of international billiards, an accomplished horse owner and breeder and a long time leader of the horse owners’ association. He will be joined by a vibrant group of dedicated horse owners and breeders with recognized achievements in the sport, including owners and breeders of recent racing champions, SC Stockfarm, Bell Racing, Jade Bros Farms and R. Puyat Stables.

Given that the future of Philippine horse racing currently hangs in a balance, we wish to propose that the plans and vision of the Hapi Jockey Club Inc. be favorably endorsed by way of the approval of its application for a legislative franchise to construct, operate and maintain race tracks for the conduct of horse racing in the Philippines.
