A RESOLUTION
URGING THE DEPARTMENT OF HEALTH TO EASE THE OUT-OF-POCKET EXPENSES OF PATIENTS AND CLIENTS OF PUBLIC AND PRIVATE DIALYSIS CENTERS AND FACILITIES, PUBLIC AND PRIVATE MEDICAL DIAGNOSTIC CENTERS, AND OTHER STAND-ALONE HEALTH AND MEDICAL FACILITIES IN RELATION TO PROTOCOLS ADOPTED BECAUSE OF THE COVID-19 HEALTH EVENT

WHEREAS, a State of Public Health Emergency due to the outbreak of the novel corona virus disease ("COVID-19") was declared throughout the Philippines on 08 March 2020;

WHEREAS, for the protection of health workers and the general public from being infected with COVID-19, it became a public health necessity to strictly implement the wearing of personal protective equipment ("PPE") by healthcare service providers, including those healthcare workers servicing patients and clients in dialysis centers and facilities, medical diagnostic centers, and other stand-alone health and medical facilities;

WHEREAS, these protocols involve intensified sanitation and disinfection practices in these health centers, facilities and laboratories;

WHEREAS, a personal protective equipment costs at least seven hundred Philippine pesos (PhP700.00), which cost is charged to patients and clients of centers, facilities and laboratories;
WHEREAS, the costs to intensify the sanitation and disinfection practices in these centers, facilities and laboratories are also passed on to patients and clients and included in their billing statements;

WHEREAS, these protocols are absolutely necessary to prevent the transmission of COVID-19 from possible vectors;

WHEREAS, the Department of Health has the obligation to ensure that these protocols are strictly followed;

WHEREAS, patients and clients should not bear the additional expenses as an effect of the protocols to prevent the transmission of COVID-19;

NOW, THEREFORE, BE IT RESOLVED, as it is hereby resolved, that the House of Representatives of the Philippines, STRONGLY URGE the Department of Health to provide personal protective equipment (PPE) and other supplies necessary to comply with medical protocols adopted because of the COVID-19 health event to dialysis centers and facilities, medical diagnostic centers, and other stand-alone health and medical facilities to ease the out-of-pocket expenses of patients and clients.

Adopted,
