Prospero Pichay Jr. (1st District, Surigao del Sur) questioned the legality of allocating funds to the Congressmen from the proceeds of the STL. He informed the Committee that he intends to file a resolution calling for an investigation into this questionable allocation.</p> <p>ACT TEACHERS Party-List Rep. France Castro inquired about the huge payments made by PCSO based on a Commission on Audit (COA) report, including the P5.3 billion documentary stamp taxes paid to the Bureau of Internal Revenue (BIR).</p> <p>Atty. Lauro Patiag, assistant general manager of PCSO's Management Services Sector, explained that based on the Tax Reform for Acceleration and Inclusion (TRAIN) Law, the Documentary Stamp Tax (DST) on all PCSO games increased. The PCSO board agreed to utilize the Charity Fund to cover the payment of the DST. However, as of July, the increase in the DST has been passed on to the bettor, Patiag said.</p> <p>Rep. Joey Sarte Salceda (2nd District, Albay) said that the funds for the payment of the DST should have been taken from PCSO's Operating Fund and not from the Charity Fund, which might have affected its charitable programs. PCSO General Manager Alexander Balutan said that based on a 1995 Board Resolution, the PCSO Board is empowered to utilize the Charity Fund for other purposes other than what is mandated.</p> <p>The PCSO was requested to submit to the Committee a copy of the said 1995 Board Resolution and a list of congressional districts and lawmakers who received allocations from the proceeds of the STL from the period 2017 up to the first half of 2018.</p> <p>The Committee also listened to the briefing conducted by PAGCOR officials on the agency's operational and financial performance, contribution to the government's social programs, and plans and programs for 2019.</p> <p>Malabon City Rep. Federico Sandoval II sat as the presiding officer during the presentation of PAGCOR.</p> <p>PAGCOR Assistant Vice President for Corporate Communications Carmelita Valdez presented PAGCOR's major plans for 2019, which include the following: increase its gross gaming revenues and contributions to nation-building; increase revenues by rationalizing costs to improve and maintain net operating income margin; and enhance tourism and entertainment offerings in gaming operations to be at par with other international jurisdictions.</p> <p>PAGCOR Assistant Vice President for Accounting Sharon Quintanilla presented the agency's accomplishments for 2017 and for the 1st semester of 2018, as follows:</p> <ul style="list-style-type: none"> PAGCOR's total income for 2017 increased to P59.86 billion from P55.06 billion in 2016, which enabled the agency to remit P41.36 billion to the government as its contribution to nation-building; For the first half of 2018, PAGCOR generated a gross income of P67.60 billion, of which P25.29 billion was remitted to the government; and

Frederick Siao on the status of PAGCOR's School Building Project, PAGCOR Chair Andrea Domingo explained that the funding for the program was discontinued in line with the directive of President Rodrigo Duterte to focus on health programs for the poor. Another reason, Domingo said, was the Department of Education's (DepEd) stand against using gambling-sourced money to fund school building projects.</p> <p>On the proposal to privatize PAGCOR, Domingo said that the government will greatly benefit if PAGCOR remains a government entity considering the billions of pesos that it remits. She added that the privatization of PAGCOR will affect its 9,000 regular employees and their families.</p> <p>Rep. Antonio Tinio (Party-List, ACT TEACHERS) inquired about the status of the provisional license that was issued to Galaxy Entertainment Group and Leisure and Resorts World Corporation in March 2018 to operate a casino in Boracay Island. Domingo replied that a directive was issued by the President that no such thing shall be allowed once this world-renowned tourist destination reopens in October.</p>
