Basic Education and Culture	Substitute Bill to HBs 2075 and 2732	Rep. Sy-Alvarado and Deputy Speaker Rodriguez	Strengthening the promotion and delivery of mental health services in basic education through the hiring and deployment of mental health professionals, and appropriating funds therefor	<p>The Committee, chaired by Pasig City Rep. Roman Romulo, approved the Substitute Bill to HBs 2075 and 2732, subject to style and amendment. The corresponding Committee Report was likewise approved.</p> <p>At the outset, Rep. Romulo said that in the Committee's previous meeting, the Department of Education (DepEd) was directed to present an alternative proposal to the substitute bill, particularly on the proposed creation of a Bureau of Health and Well-Being. This was requested from the DepEd officials because of their comment that the creation of a new bureau is not necessary as there are already existing offices in the DepEd that cater to the mental health concerns of students and teachers.</p> <p>DepEd Director Anne Rachel Miguel recommended that instead of creating a new bureau, additional positions for guidance counselors may be created in the DepEd's central office as well as its field offices and in schools. She also said that DepEd's proposal allows the guidance counselors to climb the career ladder and obtain executive level positions.</p> <p>The Committee adopted the proposal not to create a new bureau, but that there should be a career progression for guidance counselors up to the division level. Likewise, the Committee deemed it necessary to make the salary grades of guidance counselors equivalent to teachers.</p>

Rosanna "Ria" Vergara (3rd District, Nueva Ecija) manifested her support for the bill but has reservations on the provision declaring Baybayin as the "National Writing System of the Philippines."</p> <p>Likewise, the NHCP and CHED were not supportive of the proposal making Baybayin as the national writing system.</p> <p>NHCP Chair Rene Escalante explained that each region has a different version of the Baybayin script and choosing a particular version of Baybayin as the national writing system will favor one region over other regions in the country.</p> <p>CHED-Technical Committee for Filipino member Dr. Pamela Constantino expressed concern that adopting Baybayin as the national writing system might affect student learning. Constantino explained that as of now, there is already a problem in literacy even with the use of Filipino and other regional languages. Continuation... Revision of Laws				<p>rendered in favor of victims killed or seriously injured as a result of reckless driving by drivers of private vehicles or public utility vehicles are hardly enforced. He said that the consequential damages awarded are often delayed or could no longer be enforced because by the time decision on the case is rendered, the perpetrator, or owner and/or operator of the vehicle involved in the accident, is left with no more asset to answer for the adjudged civil damages. The proposed law, therefore, makes it mandatory for the court to hold the vehicle in <i>custodia legis</i> (in custody of the law) or require the owner or operator of the vehicle to post a cash bond.</p> <p>Metropolitan Manila Development Authority (MMDA) lawyer Victor Ang suggested that the bill broaden its scope to cover not only pedestrians, commuters, and by-standers, who died or sustained serious physical injury resulting from the traffic incident as described in the measure, but also any person who sustained even lesser physical injuries due to the accident.</p> <p>Rep. Manuel Cabochan III (Party-List, MAGDALO) manifested his strong support for the bill. He favors the bill's coverage being limited to victims who died and suffered serious physical injury to also protect innocent drivers against unscrupulous individuals who feign injury to exact undeserved payment.</p> <p>Land Transportation Office (LTO) Chief Assistant Secretary Edgar Galvante and Philippine National Police-Highway Patrol Group (PNP-HPG) Lieutenant Colonel Darwin Clark Paz likewise expressed support for the measure.</p> <p>Paz suggested that a provision be included in the bill requiring the payment of impounding fees to cover for the preservation and maintenance of the impounded vehicle.</p>

The Secretariat was directed to consolidate the two measures and come up with a substitute bill.</p> <p>Deputy Speaker Evelina Escudero (1st District, Sorsogon), author of HB 7230, stated that her bill seeks to augment the financial resources of the Office of the Ombudsman by allowing it to have a share in the proceeds from any property forfeited in favor of the State pursuant to RA 1379 or the Forfeiture Law. She said the measure provides for a mechanism wherein 30% of the value of the forfeited assets shall accrue to the Office of the Ombudsman.</p> <p>Ombudsman Samuel Martirez and Presidential Anti-Corruption Commission (PACC) Commissioner Yvette Contacto expressed their support for the proposed law.</p>
	HB 146	Deputy Speaker Marcoleta	Providing for a prescriptive period from which the Commission on Audit (COA) may conduct audit and issue a decision	The Committee agreed to create a technical working group (TWG) to fine-tune HB 146.

<p>Continuation... Revision of Laws</p>			<p>on cases, amending for the purpose PD 1445 or the State Audit Code of the Philippines</p>	<p>Deputy Speaker Marcoleta, author of HB 146, was designated chair of the TWG.</p> <p>The Deputy Speaker noted that the COA's practice of conducting post-audit many years after the grant of fund and implementation of the project is contrary to the time-bound monitoring and inspection function of the audit, and is unfair to agencies and offices which are required to produce documents for projects that were implemented many years earlier.</p> <p>The Deputy Speaker stressed that with such practice, COA can conveniently check on any project regardless of the period that lapsed since its completion; and can take its "sweet day" when to file or act on an audit report, which he said is tantamount to harassment or grave abuse of discretion. Hence, to avoid such injustice, Deputy Speaker Marcoleta said the bill imposes a prescriptive period of two years on COA's audits.</p> <p>COA Director and Officer-in-charge of the Legal Services Sector Fortunata Rubico opined that the proposed two-year prescriptive period will be an encroachment on the authority of COA to define the scope and technique of its audit. Under Section 2 (2), Article IX of the Constitution, "COA shall have exclusive authority to define the scope of its audit and examination, establish the techniques and methods required therefor, and promulgate accounting and auditing rules and regulations."</p> <p>Deputy Speaker Marcoleta stressed that while COA may issue its own rules under Article IX of the Constitution, such rules must not diminish, increase, or modify any substantive rights, such as the right of all persons to a speedy disposition of their cases, which is also provided under the Constitution.</p> <p>Deputy Speaker Deogracias Victor "DV" Savellano (1st District, Ilocos Sur) concurred with Deputy Speaker Marcoleta's statements, and manifested his desire to join the TWG and submit documentary evidence attesting to COA's inefficiencies.</p>

Villafuerte</p>	<p>Further regulating the sale of second hand articles, particularly electronic and telecommunications equipment, amending for the purpose PD 1612, otherwise known as the Anti-Fencing Law of 1979</p>	<p>The Committee agreed to create a TWG to consolidate and fine-tune HBs 1842 and 2443.</p> <p>Department of Information and Communications Technology (DICT) Legislative Liaison Officer, Atty. Frederick Espinosa, expressed full support for the measure, adding that the DICT assists government agencies in formulating guidelines on matters involving information and communications technology.</p>
	<p>HB 148</p>	<p>Deputy Speaker Marcoleta</p>	<p>Expanding the coverage of and imposing stiffer penalties for the crime of revelation of secrets, amending for the purpose Articles 291 & 292 of Act No. 3815, as amended</p>	<p>The Committee agreed to create a TWG to consolidate, if possible, the 23 bills seeking to amend or repeal certain provisions of Act No. 3815, otherwise known as the Revised Penal Code (RPC) of the Philippines. The Committee also agreed that should consolidation of the bills</p>

Continuation... Revision of Laws	HBs 155, 6378 & 6825	Deputy Speaker Teves, Reps. Haresco, and Deloso- Montalla	Proposing amendments to Articles 181, 182, 183 & 184 of Act No. 3815, as amended (by increasing the penalty for perjury and false testimonies)	<p>will not be possible, then a draft substitute bill shall be crafted for each bill or set of bills having the same subject matter.</p> <p>Commenting on HBs 155, 6378 and 6825, DOJ State Counsels Mary Grace Pulido-Sadian and Charles Romulus Cambaliza said they have no objection to the increase in penalty for the felonies described under Articles 181, 182, 183, and 184 of the RPC.</p> <p>Rep. Arlene Brosas (Party-List, GABRIELA), in a letter addressed to Rep. Deloso-Montalla, stated that the three bills – HBs 1141, 1144, and 1149 – being proposed by the GABRIELA Party-List are all intended for the protection and welfare of women, the youth, and the country. She also called on the Committee to repeal or amend laws that do not treat women fairly.</p> <p>DOJ State Counsel Albert Abragan II, commenting on HB 1144, opined that decriminalizing adultery and concubinage might create the impression that the State is condoning marital infidelity, and may also limit the relief demandable against the guilty spouse. He also cited the proposed law's effect on the preservation of the sanctity of marriage and on the protection of the family enshrined in the Constitution.</p> <p>Josephine Khaleen Sasuman, representative of the Philippine Commission on Women (PCW), argued that adultery and concubinage defined and punished under Articles 333 and 334 of the RPC are merely violations of the contract of marriage, as such, the liability for these should only be civil in nature.</p> <p>Meanwhile, Rep. Manuel Cabochan III (Party-List, MAGDALO), author of HB 1653, said that his bill seeks to amend Article 19 of the RPC to impose a higher penalty for persons in authority who directly cause or order the destruction or concealment of vital evidence for heinous crimes. He explained that the involvement of members of law enforcement agencies in crimes diminishes the respect and confidence of the public on the authorities. He said news of law enforcement officers covering up or assisting in the conduct of illegal activities, through the destruction or concealment of evidence, are not uncommon. A higher penalty for this offense will not only serve as a deterrent, but is likewise commensurate to the offense committed by a person in authority.</p> <p>Rep. Niña Taduran (Party-List, ACT-CIS), co-author of HB 6273, said that her bill seeks to amend the definition of "estafa" or "swindling" under Article 315 of the RPC to include willful non-payment of correctly imposed public transportation fees as a mode of committing the felony. She explained that innovative transportation methods or services that utilize the advancements in communication technology have been the trend in recent years. She said that in the forefront of this brand new services are</p>

Camiguin Rep. Xavier Jesus Romualdo was designated as head of the TWG. Rep. Romualdo, author of HB 347, said that there is no need in maintaining the <i>reserva troncal</i> in the existing law, it being "extremely obsolete and out of place in today's world." Rep. Romualdo asserted that it is a hindrance to the development and transferability of property, and unduly complicate the already complex law on succession. In his explanatory note to the bill, Rep. Cabochan stated that the <i>reserva troncal</i> is a special rule designed primarily to assure the return of a reservable property to the third degree relatives belonging to the line from which the property originally came. It is meant to avoid the danger that property existing for many years in a family's patrimony might pass gratuitously to outsiders through marriage and untimely death. With regard to HB 408, Rep. Romualdo, as the bill's author, explained that in this day and age, the Official Gazette, where new laws need to be published prior to their effectivity, should have an
