Continuation

PERIOD OF SPONSORSHIP AND DEBATE

REP. ROA-PUNO. Mme. Speaker, I move that we resume the consideration of House Bill No. 5828 as contained in Committee Report No. 295, submitted by the Committee on Economic Affairs, and for this purpose, may I ask that the Secretary General be directed to read only the title of the Bill.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). Is there any objection? (*Silence*) The Chair hears none; the motion is approved.

The Secretary General is so directed to read only the title of the measure.

THE SECRETARY GENERAL. House Bill No. 5828, entitled: AN ACT PROVIDING FOR THE DEFINITION OF PUBLIC UTILITY, FURTHER AMENDING FOR THE PURPOSE COMMONWEALTH ACT NO. 146, OTHERWISE KNOWN AS THE "PUBLIC SERVICE ACT," AS AMENDED.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). The Floor Leader is recognized.

REP. ROA-PUNO. Mme. Speaker, our parliamentary status is that we are still in the period of sponsorship and debate. I move that we first recognize the Chairperson or the Sponsor of the Bill, the Hon. Arthur C. Yap.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). The Hon. Arthur Yap is recognized.

REP. ROA-PUNO. I move that we recognize the first of our interpellators, the Representative from Party-List BAYAN MUNA, Rep. Carlos Isagani T. Zarate. I so move, Mme. Speaker.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). The Honorable Zarate is recognized. Please proceed.

REP. ZARATE. Thank you, Mme. Speaker, magandang hapon ho sa lahat.

Will the good Sponsor entertain some questions?

REP. YAP (A.). Mme. Speaker, good afternoon. Good afternoon to our colleagues and to our distinguished interpellator. It will be our honor, Sir.

REP. ZARATE. Kahapon ho, kagalang-galang na Sponsor, Mme. Speaker, tinalakay na natin iyong ilang mga importanteng probisyon nitong panukalang batas na maglilimita sa depinisyon ng kung ano ang isang “public utility” bilang pag-amyenda doon sa Public Service Act, CA 146, na sinasabi nga ng ating kagalang-galang na Sponsor ay 81 years na. Pero malinaw doon sa naging talakayan kagabi na ang tunguhin bakit kailangang amyendahan ang kasalukuyang batas at bakit kailangang ilimita ang depinisyon kung ano iyong public utility ay para raw mahimok natin at mapaluwag ang pagpasok ng mga foreign direct investors, at ang lumalabas dito, kailangang i-liberalize natin ang ating ekonomiya, buksan ito para mas lalong maraming pumasok na foreign investment. Ergo, ang sinasabi ng ating Sponsor ay magdudulot ito ng pag-unlad ng ating bayan, magkakaroon daw ng maraming trabaho, et cetera.

Siguro sa unang katanungan ko lang po, dahil iyong pinunto nga na rason ng ating kagalang-galang na Sponsor, ano po ba, nitong mga nakaraang panahon, ang katayuan ng pagpasok ng mga foreign direct investors or investments dito sa ating bansa at ano ang relasyon nito sa sinasabi ninyong pag-unlad, na kung lilimitahan natin at hindi natin aamyendahan ang kasalukuyang batas, ay magdudulot ito ng lalo pang pagbansot ng ating ekonomiya at walang magiging kaunlaran sa ating bayan?

REP. YAP (A.). Mme. Speaker, bilang pagbabalik po sa mga diskusyon kagabi, kahapon, just a very slight restatement of the position. It is not necessarily limiting, but providing a definition. Sa 81 years po na lumagpas na ang batas ng public services sa Pilipinas, sa Commonwealth Act No. 146 ay wala po tayong depinisyon ng public utilities. So, klaruhin lang po natin ang diskusyon kahapon. Wala po tayong binabago sa constitutional provisions, wala rin po tayong binabago sa Public Service Act, kung hindi po, kinaklaro lang po or isinasabay natin ang depinisyon kung ano po iyong public utilities. Dahil po sa sitwasyon na wala pong depinisyon ang public utilities, ang depinisyon po sa public service at sa public utilities ay ginagamit po sa isa’t isa, so, nagiging interchangeable.

Ang impact, ang consequence po noong depinisyon na ginagamit para sa dalawang termino, public utilities at public service, nagiging kritikal po dahil kapag public utilities po, pumapasok po sa saklaw ng Constitution, ng ating Saligang Batas, kung saan po ay sinasabi na ang operation po ng mga public utilities ay para lang sa mga Pilipino at sa mga korporasyon na 60 percent ay pag-aari po ng mga Pilipino. So, that is the entire objective kung bakit po natin ito pinag-uusapan ngayon at kung bakit po natin gustong maipasa ang panukalang batas po, itong mga amendments sa Commonwealth Act No. 146.

Ang tanong po ng kagalang-galang nating interpellator ay ang estado po ng foreign investments ngayon po. Sa latest findings naman po natin, sa latest data na ni-report po ng Department of Trade and Industry, patuloy naman po ang pag-akyat ng foreign investment at kahit na domestic investment po sa iba-ibang kalakaran natin sa ekonomiya. So, joblessness is going lower, poverty incidence is going lower, and domestic investments are going up, at kapag sinabi po iyong domestic investments, iyong local rin po at iyong pumapasok po sa economy from foreign, umaakyat po ang estado ngayon. Ang itinataya lang po natin, Mme. Speaker, kapag nabigyan natin ng mas maganda at istriktong depinisyon ang public utilities, umaasa po tayo na madadagdagan pa ito.

Kaya lang naman po natin sinasabi na possibly foreign investments ang inaakit po natin para dito sa mga investments na ito ay sapagkat po ang mga industriya na nasama po doon sa public services na nangangailangan po ng mga pamumuhunan ay mga industriyang kakain po ng napakalaking pamumuhunan. We are talking about billions and billions of dollars. Kaya nga po ang taya po natin, kailangan pong buksan dahil hindi lang po makakaya ng local investors natin, ngunit mangangailangan po tayo ng tulong from foreign investors. But let it not be said that we are merely opening this up because we want to reserve this to only foreigners. That is not the truth. Mme, Speaker, we are also opening up this investment to local investors.

REP. ZARATE. Salamat po, kagalang-galang na Sponsor, Mme. Speaker.

So, malinaw nga po ang inyo hong tuntungan sa pagbabalangkang ng batas na ito na ang relasyon ng foreign investments at ang paglago, pag-unlad ng ekonomiya at kaunlaran ng ating bayan. Ang sinasabi po, Mme. Speaker, ng ating Sponsor, maraming investment, especially foreign investments, uunlad ang ating ekonomiya, lalago ang ating ekonomiya, at ito ay magbubunsod ng maraming trabaho, liliit ang dami ng mga mahihirap at uunlad ang buhay ng marami nating mamamayan. Iyon po ang inyong gustong palabasin doon sa pagpapasok natin ng foreign direct investment.

Pero sa pagtataya po natin, may isang pag-aaral, kung titingnan po natin nitong mga nakaraang panahon magmula pa noong panahon ni Pres. Corazon C. Aquino, noong panahon ni Presidente Ramos na niluwagan ang ekonomiya, especially during the time of President Ramos na talagang naratsada iyong pagluwag sa ating ekonomiya, kaakibat naman po, hindi lumago ang estado ng ating mamamayan, at hindi lumiit ang tantos ng walang trabaho. Sa katunayan, habang nag-uusap po tayo ngayon, ang lumalabas ng ating bansa araw-araw para maghanap ng trabaho sa ibang bansa ay palaki ng palaki. Siguro nasa 6,000 a day iyan on the average everyday ang lumalabas.

In fact, kung usapin po ng pagbibigay natin ng mga incentives sa foreign investors, especially, ay napakarami na po, mas maluwag na nga, niluluwagan na po natin. Kaya nga sa mga talakayan kahapon at ngayon, inuulit ko, malinaw sa ating Saligang Batas na tinuran ninyo na po, G. Sponsor, Mme. Speaker, na ang public utility ay dapat nalimita ito sa kontrol ng mga Pilipino, 60 percent, at lilimitahan ang partisipasyon o pagkontrol ng mga dayuhan. Mayroon hong prinsipio iyan kung bakit ganoon. Hindi lang ho basta sinasabi natin dahil hindi magaling na negosyante ang mga dayuhan at mahinang negosyante tayo. Magaling na negosyante ang mga Pilipino. Kung natatandaan po natin, itong probisyon dito sa public utility ay nasa Artikulo po ng Pambansang Patrimonya dahil ho kailangang protektahan natin ang ating pambansang patrimonya, hindi lang sa ngayong henerasyon kundi sa mga darating pang henerasyon.

Kaya po gusto kong tunggaliin iyong teorya na habang paparami ang foreign direct investment ay nagbubunsod ito ng paglago ng ating ekonomiya, pag-unlad ng ating kabuhayan. Sa katunayan po, gaya ng nasabi ko na kanina, wala hong signipikanteng paglago, at kung titingnan po natin, sa dinami-dami na ho ng incentives na ibinigay natin sa mga foreign investors at ngayon gusto pa natin ito luwagan, ano pa ho ang maiiwan para sa atin? Hindi ho ito ang naging—kung titingnan po natin, kung ang Pilipinas ay nagluluwag at ito ay isa, sa tingin namin, na pamamaraan na mas luluwagan pa ang kontrol ng mga dayuhan sa ating ekonomiya, hindi ho ito ang nangyayari ngayon sa buong mundo. Sa katunayan, ang trend ho ngayon sa buong mundo ay pabalik doon sa protectionist trend. Kahit na ang bansang Amerika, protectionist ang ginagawa nila dahil mayroon itong epekto sa kanilang ekonomiya at sa malawakan at matagalang pagtingin sa kaunlaran ng isang bayan.

Halimbawa po, sa isang pag-aaral ng Center for Economic Policy Research ng Britain, sinasabi dito na ilang mga estado po, kasama rian ang Estados Unidos, the European Union, Germany, Russia, China, India, Indonesia, and Vietnam—ang Vietnam po, na ating kapitbahay, has implemented 2,141 protectionist measures since November 2008 and up to now, their protectionist measures are still in place, the Group of Twenty, iyong mayayaman pong bansa. Ang Group of Twenty advanced economies account for 68 percent sa mga bansang naglalagay ng proteksiyon sa kanilang ekonomiya. Kaya po ang global trend na ito na kahit na iyong mga mayayamang bansa ay pinoproteksiyonan ang kanilang pambansang ekonomiya, pambansang patrimonya, ay bakit po tayong mga Pilipino binubuyangyang natin ang ating pambansang patrimonya at ekonomiya sa mga kontrol ng mga dayuhan. So, iyon po ang gusto nating

puntuhan dito. Habang ang mga mayayamang bansa ay pinoproteksiyonan nila ang kanilang sarili, tayo naman po ay inilalagay natin sa alanganin ang ating bayan at ang ating mamamayan, Mme. Speaker, G. Sponsor.

So, sa tingin po namin, maling-mali po na ang panukalang batas na ito, na gusto ko ng puntahan isa-isa iyong mga probisyon, ay ang ating gawing solusyon sa sinasabi nating hindi pag-unlad ng ating bayan. Ang hindi ho pag-unlad ng ating bayan ay hindi dahil sa kakulangan ng foreign direct investments, hindi dahil sa kulang ang incentives na ating ibinibigay sa ating mga investors, kung hindi po ito ay dahil sa isang maling polisiyang pang ekonomiya na umiiral hanggang sa ngayon, iyong sinasabi nilang ratsadang free market na pagluluwag sa ating ekonomiya.

Ngayon po, gusto kong pumunta doon sa partikular na nakababahalang mga probisyon dito sa panukalang House Bill No. 5828. Sinasabi ninyo po na gusto lang naman nitong bigyan natin ng depinisyon kung ano ang public utility. Sinasabi ninyo po ba na, habang nag-uusap tayo ngayon, walang malinaw na depinisyon kung ano ang public utility, G. Sponsor, Mme. Speaker?

REP. YAP (A.). Mme. Speaker, wala po tayong statutory definition kung ano po ang public utilities, kaya nga po ang sabi natin na ang public utilities at public service, ang depinisyon nito, naglalaro po ang depinisyon ng public utilities sa terminong public service at saka sa public utility. Bakit po importante? Dahil po kapag bumagsak ka po sa public utility, papasok ka po sa constitutional restrictions. Kaya nga po, iyon ang gusto nating gawin. Wala po tayong nililimita. We are not limiting anything. If at all, isinasabay po natin na magkaroon po ng depinisyon kung ano po ang public utilities sa ating mga batas. Wala po tayong batas, wala po tayong statutory definition kung ano po ang public utilities. Iyon lang po ang gusto nating gawin dito.

REP. ROA-PUNO. Mme. Speaker.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). The Floor Leader is recognized.

APPROVAL OF H.B. NO. 5799
ON THIRD READING

THE DEPUTY SPEAKER (Rep. Garcia-Albano).
With 236 affirmative votes, no negative vote and no
abstention, House Bill No. 5799 is approved on Third
Reading.

The Floor Leader is recognized.

REP. ATIENZA. Mme. Speaker.

REP. ROA-PUNO. Mme. Speaker, I move that
we recognize the Hon. Jose “Lito” L. Atienza Jr. from
BUHAY Party-List

THE DEPUTY SPEAKER (Rep. Garcia-Albano).
The Honorable Atienza is recognized.

REP. ATIENZA. First of all, I would like to question
the count of the so-called nominal voting. I do not see
not even a hundred Members on the floor. How could
the Chair announce that 226 voted in the affirmative? I
would like to clarify that to make this nominal voting
a genuine nominal voting.

My second question is, how did I vote? Did you
register my vote? The roll call was so fast. I do not
think any Member was able to vote. Again, we have
gone back to the old habit of just calling the names
of the Members and considering it already a nominal
voting. May I ask the Secretariat how was my vote
recorded?

SUSPENSION OF SESSION

REP. DEFENSOR. Mme. Speaker, in the meantime,
I move that we suspend the session.

THE DEPUTY SPEAKER (Rep. Garcia-Albano).
The session is suspended.

It was 4:55 p.m.

RESUMPTION OF SESSION

At 4:59 p.m., the session was resumed.

THE DEPUTY SPEAKER (Rep. Garcia-Albano).
The session is resumed.

The Dep. Majority Leader is recognized.

RECONSIDERATION OF THE APPROVAL
OF H.B. NO. 5799 ON THIRD READING

REP. BONDOC. Mme. Speaker, I move that we
reconsider the approval on Third Reading of House
Bill No. 5799.

THE DEPUTY SPEAKER (Rep. Garcia-Albano).
Is there any objection? *(Silence)* The Chair hears none;
the motion is approved.

NOMINAL VOTING ON H.B. NO. 5818
ON THIRD READING

REP. BONDOC. Mme. Speaker, I move that we
vote on Third Reading on House Bill No. 5818 and
direct the Secretary General to read the title of the
measure, and call the roll for nominal voting.

I so move.

THE DEPUTY SPEAKER (Rep. Garcia-Albano).
Is there any objection? *(Silence)* The Chair hears none;
the motion is approved.

*Thereupon, the Secretary General read the title of

CONSIDERATION OF H.B. NO. 5828

Continuation

PERIOD OF SPONSORSHIP AND DEBATE

REP. ROA-PUNO. Mme. Speaker, I move that we resume the consideration of House Bill No. 5828 on Second Reading. Our parliamentary status is that we are still in the period of sponsorship and debate. May we recognize, to continue with his interpellation, the Representative from Party-List BAYAN MUNA, the Hon. Carlos Isagani T. Zarate.

I so move, Mme. Speaker.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). Is there any objection? (*Silence*) The Chair hears none; the motion is approved.

The Honorable Zarate is recognized.

REP. ZARATE. Thank you, Mme. Speaker. Salamatpo.

Sa pagpapatuloy po ng ating pagtatanong—kanina po ang naiwanan nating tanong sa kagalang-galang na Sponsor, kung siya ba ay naniniwala na sa kasalukuyan ay wala pang malinaw na depinisyong kung ano ang public utility. Puwede pong balikan natin ang kasagutan kung mayroon naman.

REP. YAP (A.). Opo, Mme. Speaker. Wala pong klarong statutory definition so ang ibig pong sabihin, sa mga batas po natin ay hindi po klarong nakasulat kung ano po ba ang depinisyong ng public utility.

REP. ZARATE. Totoo po iyon, ano? Dahil nga itong nandito sa batas sa kabuuan—kayo naman po ay inaamin ninyo ito kahapon sa ating talakayin—sa inyong talakayan noong ating kasama na si Congressman Tinio, ang batas na ito na patungkol doon sa kasalukuyang batas ay the Public Service Act at kayo na rin po ang nagsabi na lahat naman ito ay napapaloob doon sa kabuang depinisyong ng public service, even the public utility. Kaya nga po, kahapon, sinabi ninyo na itong panukala ninyo rito, lalong-lalo na dito sa Section 13, paragraph (D), nagdagdag tayo ng paragraph (D) subparagraph (1) ay ito ay hango o nagmumula sa mga desisyon ng ating Korte Suprema. Kaya kahit ho walang depinisyong sa batas...

REP. YAP (A.). Opo.

REP. ZARATE. ...ang Korte Suprema po, sa desisyon ng Korte Suprema, at sinabi rin ninyo ito kahapon sa kaso ng JG Summit, ...

REP. YAP (A.). Opo.

REP. ZARATE. ...ay malinaw na sinabi dito

ng Korte Suprema na ang pag-define kung ano ang public utility ay in fact nasa poder ng korte, nasa loob na ng desisyon na iyan. Sa kasong ito, sinabi ng Korte Suprema kung ano iyong public utility and for the record, sinasabi ng Korte Suprema, ganito ang pagkakasabi, kung ano ang public utility: “A public utility is a business or service engaged in regularly supplying the public with some commodity or service of public consequence such as electricity, gas, water, transportation, telephone or telegraph service.” Simply stated, a public utility provides a service or facility needed for present day living which cannot be denied to anyone who is willing to pay for it.

REP. YAP (A.). Opo.

REP. ZARATE. Sumasang-ayon po kayo doon sa naging pagkahulugan ng Korte Suprema doon sa public utility?

REP. YAP (A.). Opo, Mme. Speaker.

REP. ZARATE. Salamat po. So, ako po ay naguguluhan and I wonder, bakit ho dito sa inyong panukala ay nilimita ninyo doon na lamang sa tatlong instances o sa tatlong utilities or negosyo or public service ang pagkahulugan doon sa public utility?

REP. YAP (A.). Mme. Speaker, bagama't nagsalita na po ang Korte Suprema sa iilang mga desisyon kung ano po ang public utility, hindi po dahil na ginusto po ng Supreme Court na sila po ang gumawa ng depinisyong doon. Ginawa po ng Supreme Court iyon sa JG Summit case, sa *Albano case* at kung anu-ano pang mga kaso dahil wala nga pong depinisyong na ibinigay ang Kongreso. Ito iyong sinasabing tantamount to judicial legislation dahil wala pong klarong depinisyong, napilitan na po ang korte natin, ang Korte Suprema ang nagbigay po ng depinisyong. So, kaya nga po tayo narito dahil ito po ay pagkakataon na para isaayos po natin iyong depinisyong.

Iyong sinasabi po na we are just keeping it to three is not basically accurate in the sense na iniwan lang po natin sa electricity distribution, transmission of electricity, water pipeline at system of sewerage, dahil binibigyan naman po natin ang NEDA at ang Philippine Competition Commission ng pagkakataon na irekomenda po sa Kongreso kung madadagdagan po ito, kaya nga po nag-provide rin po tayo ng criteria sa ibaba. So, hindi lang po tatlo pero dahil po sa mga batas natin at sa mga desisyon na nabansagan na silang public utility kaya po natin sila isinasama, pero hindi po ibig sabihin na sarado na po iyong listahan.

Balikan lang po natin na sa atin pong inilalaban na Bill that we are not taking any business out of any regulation nor are we touching the prerogative of Congress. Ang

Kongreso po at ang mga administrative agencies na nagbibigay po ngayon ng permit, nagbibigay po ng franchise, pati ang Kongreso, hindi po natin pinapalitan iyon. Kung ano po iyong powers ng Congress dati at iba-ibang ahensiya, naroon pa rin iyon.

REP. ZARATE. Salamat po, G. Isponsor. Pag-usapan ho natin mamaya iyong sinasabi ninyong regulation dahil dito po sa puntong ito, hindi pa po natin gustong tunguhin iyan. Wala ho naman nagsasabi ngayon na dito sa panukalang batas ninyo ay tinatangal ang regulation pero malaking usapin iyan dahil sa kasalukuyan, totoo naman po na mayroong mga regulatory bodies, pero nakikita ho natin na kahit na mayroong mga regulatory bodies, sa karamihang pagkakataon, sila po ay naging mga inutil pa nga dahil hindi nila ginagampanan iyong kanilang gawain.

Maitanong ko lang po ito. Dito ho kasi, sinabi ninyo kanina na hindi naman nililimita pero malinaw na sa Section 13, paragraph (D.1), bakit ho, noong nag-define kayo kung ano ang public utility, ay enumeration agad kung ano ang public utilities at hindi ho statement or description of what a public utility is. Sabi ninyo kanina, pumapayag naman kayo, tama naman ang naging desisyon ng Korte Suprema sa pagkakalinaw nito, doon sa kaso ng JG Summit, kung ano ang public utility para ho mai-contrast ito sa kabuuan kung ano iyong public service.

So, iyon po ang aking katanungan. Gusto nating i-define kung ano ang public utility pero malinaw po na nilimita ninyo kaagad iyong depinisyon sa unang salita pa lamang. Ito iyong public utility, enumeration ng tatlong utilities—electricity, transmission and water. Para ho lumabas na may kaunting pakunswelo, parang pakunswelo, dinagdagan ninyo na—para hindi naman masyadong halata—ng Section 13, paragraph (D), subparagraph (II), amendments, pero sa unang bugso pa lang po, ano ang depinisyon. Usually, kapag nagdefine po tayo, it is a statement and description of what a thing or a situation is pero dito ho, enumeration kaagad. Bakit ho kaya ganyan?

REP. YAP (A.). Ang mga negosyong iyon, tulad iyong electricity, iyong distribution, transmission of electricity, water pipeline and sewerage pipeline system, ang mga ito po iyong bumabagsak sa limang criteria. Iyong limang criteria, napag-usapan na rin po natin, at ito po iyong mga criteria na nadaanan na po at napagpasiyahan at nadesisyunan na po ng Korte Suprema. So, we are using now the five criteria as decided by Philippine jurisprudence and ina-apply po natin at ang naiiwan pong mga public utility, ito pong apat na described dito.

REP. ZARATE. Tatlo po.

REP. YAP (A.). Opo, itong ...

REP. ZARATE. One, two, three-tatlo po.

REP. YAP (A.). ... distribution of electricity, transmission po at saka iyong water pipeline distribution or sewerage pipeline system.

REP. ZARATE. So, malinaw po, inaamin ninyo na ang depinisyon talaga ng public utility ay nasa Section 13, paragraph, subparagraph (D.1). Iyon ho ang tunay na depinisyon ng public utility na gusto ninyong gawin pero inuuna ho ninyo iyong tatlo dahil ang problema ho sa enumeration, kapag dini-define mo by enumeration ay exclusive ho iyan for the meantime. Habang hindi binabago iyong batas o walang amendment doon sa batas, exclusive iyan, kaya iyon po ang problema doon.

Ngayon, sinasabi ninyo, iyan ho kasing tatlong iyan ay pasok doon sa limang pamantayan na nakalagay sa Section 13 subparagraph (II), na ito ngang enumeration on how to amend ay magkasalungat na ho ang naging statement ng ating Sponsor, Mme. Speaker. Dahil kanina sumasang-ayon naman siya doon sa depinisyon ng Korte Suprema na ang public utility ay hindi lang itong tatlo—kasama na diyan ang gas, water, transportation, telephone and even telegraph services. So, kung pamantayan, inamin ninyo na rin, kahapon, kahit iyong transportation, sinabi ninyo, ay pasok iyan doon sa limang pamantayan na inyong sinabi ho rito na definition ng public utility, ay dapat ho hindi ninyo nilimita sa tatlo. So, malinaw po talaga ang purpose dito ay iligtas, in the meantime, buksan na ang napakaraming negosyo, huwag silang ikonsiderang public utility dahil nga sa limitasyon na nakatakda sa ating Saligang Batas. Malinaw ang limitasyon na iyon, 60-40, at iba pang mga requirements under the Constitution.

So, iyon po ang problema dito...

REP. YAP (A.). Mme. Speaker.

REP. ZARATE. ...sa inyong nilatag na definition ng public utility, Mme. Speaker, Mr. Sponsor.

REP. YAP (A.). Mme. Speaker, hindi ho natin puwedeng mai-consider like iyong common carriers or telecommunications na public utility dahil hindi po ito pumapasok doon sa limang criteria.

REP. ZARATE. Puwede po ba, Mme. Speaker, G. Isponsor, sabihin po ninyo, saan hindi napapasok, tanong ko po.

REP. YAP (A.). Dito po, Mme. Speaker, sa public service po siya, sabihin natin, na business or service na regularly supplies and directly transmits and distributes to the public through a network a commodity or service of public consequence—pasok po doon. Doon po sa

number (4), iyong business or service is necessary for the maintenance of life and occupation of residents, pasok po ang telecom at saka ang common carriers po at saka wireless communication; then, (5) business or service is obligated to provide adequate service to the public on demand, yes.

Hindi po sila pumapasok doon sa pagka-natural monopoly dahil siguro po, noong una, kino-concede po natin, Mme. Speaker, 81 years ago, ang telecommunications, posible pong natural monopoly iyon at puwede pong mai-consider na public utility. Bakit po? Magtayo ka po ng isang telephone line at saka ng linya, that is it. Mahirap na pong makipag-competite sa inyo at that time. Posible rin na ang refrigeration services po, puwede pong sabihin kapag nakapagtayo na kayo ng refrigeration service, 81 years ago, the cost of the investment and the fact that you are first in the market, napaka-difficult po, mahirap na pong pasukin iyon ng competition. Kaya we are granting na public utility po iyon pero nagbago na po ang teknolohiya ngayon. Iyong sinasabi po nating communication ngayon, dati kailangan mo po ng telephone line at isa pong linya, ngayon because of advances in wireless communication, as I said yesterday, you can have a telecom business that will be open to a wider sector of the economy for investments because nagbago na po iyong technology ng common carriers po. Siguro po noong unang panahon po, 81 years ago, when you were the first common carrier, maybe it became a natural monopoly then but not anymore. Today, a common carrier does not have to be a natural monopoly dahil marami na ang puwedeng mamuhunan dito sa negosyong ito, hindi na po limited sa isang player lang. Kaya these five criteria which are recognized internationally, in international jurisdictions by economic writers, and also recognized po sa mga desisyon ng Korte Suprema natin, iyon po ang ginamit nating batayan kasi gusto nga po nating isaayos. So, we beg against that comment na we are trying to protect, mayroon po tayong sinasalba—wala po tayong sinasalba. Sa katotohanan lang, Mme. Speaker, binubuksan nga po natin ang ekonomiya natin to greater competition.

REP. ZARATE. Salamat, G. Isponsor, Mme. Speaker. Kailangan ho sigurong i-review ho ninyo ang inyong nilagay na mga probisyon dito. Balikan ko lang po, pumayag naman kayo na sa numbers 1, 2, 4 and 5, pasok ang transportation, even telecommunications, sinabi po ninyo. Hindi sila pasok, lalong-lalo na ang telecommunications, dito sa number 3, dahil kailangan natural monopoly siya, ay mali ho yata ang pagkabasa ninyo sa probisyon na ito.

Ang sinasabi po sa probisyon na ito, ang requirement po dito, kailangan ang negosyo is necessary to the public. Iyon po ang isang requirement doon—it is necessary

to the public. Kaya lang po nabanggit iyong natural monopoly, tandaan po natin, if it is a natural monopoly, kasi may “if” po. Hindi ho kondisyon na kailangan monopoly siya kasi ho kung hindi siya monopoly, hindi pa ho susunod iyong phrase na, “IF A NATURAL MONOPOLY, NEEDS TO BE REGULATED WHEN THE COMMON GOOD SO REQUIRES.” Bakit po kailangang iregulate kapag natural monopoly na siya? Dahil ho matindi ang consequence kapag ikaw ang naka-monopolyo sa isang negosyo, raratsadahan mo iyan, walang pakundangan kung ano ang iyong gustong gawin diyan.

Magkano ang presyuhan? Ano ang mga kondisyones? Ang pinakaimportante po rito sa binabasa kong panukalang-batas niyo ay kailangan siya ng publiko, it is necessary to the public. Hindi po kasama sa kondisyon, immediate iyong natural monopoly. Dahil po, kahapon po, umamin rin kayo dito sa tatlong unang enumeration natin, mula ho dito sa koryente, transmission ng koryente at lalong-lalo na ho sa tubig, at sinabi ninyo na ang tubig sa kasalukuyan, ang may hawak ay Maynilad at ang Manila Water, they are public utilities, hindi po ba? Hindi ho na-monopolyo ng isang negosyo. Bakit ho kinu-consider sila na public utility, e dalawa nga sila? Sa kasalukuyan po, kung titingnan po natin ang telecommunications, ganoon rin ho ang sitwasyon ng ating telecommunications, duopoly. Dalawang malalaking kompanya lang talaga ang nagkokontrol sa ating telecommunications. Kaya ako po ay nagtaka, bakit hindi ninyo sinama? Dahil talagang puwede pa ring pasok pa rin ito doon sa definition; and even transportation, pasok pa rin siya, dito sa inyong depinisyon. Hindi kailangan maging monopoly, dito ho sa depinisyon ninyo, ang isang negosyo para siya tawaging public utility dahil ang kondisyon na “AND, IF A NATURAL MONOPOLY,” susunod iyon—kung dito ho pakahulugan ninyo kailangang i-regulate siya.

REP. YAP (A.). Ang lahat po...

REP. ZARATE. Tama po.

REP. YAP (A.). ...ng mga pinangangambahan po natin, para maprotektahan po natin ang consuming public, we will continue to regulate, Sir.

REP. ZARATE. Iyon nga ho ang naging problema dito, Mme. Speaker, G. Isponsor, sinasabi ninyo na hindi natin nililimita, hindi natin inililigtas and in fact, binubukas, pero sa unang bugso pa lamang—sabi ko nga, ang pinakamalaking kahinaan, sa tingin ko, ng batas na ito, ay ang inyong enumeration na gusto ninyong ipasunod at gusto ninyong maging batas ay exclusive dahil ang depinisyon ninyo ay by enumeration, hindi ho by statement o description

of what is a public utility. In fact, I was surprised because mayroon naman talagang description ...

REP. YAP (A.). Gusto po ninyo bang dagdagan, ganoon po ba, ang enumeration, o babawasan po natin?

REP. ZARATE. Hindi po. Ang gusto ho natin na malinaw dito, kung ang depinisyon talaga, sa inyong palagay, ay kung ano ang public utility ay itong nasa Section 13, paragraph (D) subparagraph (II). Dahil ang sabi ninyo, ang tatlong itong naunang na-enumerate ay pasok dito sa limang criteria na nasa subparagraph (II), e, di dapat ito ang naging depinisyon na natin of what is a public utility and there is no more enumeration like what is contained in subparagraph (I). Iyon po ang gusto kong sabihin dito.

Dahil ang ginagawa ho natin dito, nag-enumerate tayo ng tatlo, at kung hindi ho maaamyendahan iyong batas, dahil ayaw ng Kongreso na amyendahan ang batas, ay limitado na ho ang public utility sa talagang tatlo lang at, ayun, binubuksan na lahat ng negosyo sa mga dayuhan—lalung-lalo na dahil gusto ninyo ng foreign investments, pero ang proscription in our Constitution that our national economy and patrimony must be preserved for the interest of the Filipino people ay mawawala na ho iyon, dahil hindi na nga makokonsider na public utility at the time that this law will be passed—kahit na iyong telecommunications, kahit na iyong transportation like MRT, bus companies, et cetera.

So, iyon po ang gusto nating malinaw dito. Sa tingin namin, mayroong kahinaan dito sa panukalang batas na ito.

REP. YAP (A.). Yes, that is your opinion, Sir, and we respectfully defer to your opinion, Sir.

REP. ZARATE. Well, ipinapakita lamang po nito na mayroon talagang problema dito sa panukalang batas, at gusto ko ngang ibalik ang talakayan kahapon na even if we dismiss it, malinaw po sa ating Saligang Batas na ...

REP. YAP (A.). Mme. Speaker.

REP. ZARATE. ... kahit na ang usapin ng ...

REP. YAP (A.). Kagalang-galang na interpellator, ang gusto ba natin ay tanggalin po iyong enumeration at iyong criteria ang unahin natin?

REP. ZARATE. Ang sinasabi po natin dito, kung sa tingin ninyo na dapat na depinisyon ng public utility ay naaayon doon sa desisyon ng Korte Suprema, dahil sabi ninyo ito ang dapat maging pamantayan dahil ayaw

natin ng judicial legislation, so ang Korte Suprema, malinaw na sinabi nito kung ano iyong mga public utility, at sabi ninyo ang limang criteria na ito ay iyong itinakda ng mga desisyon ng Korte Suprema. So, kung ganoon po, ang inyong sinasabi ay ...

REP. YAP (A.). Iyong criteria.

REP. ZARATE. ... ang criteria or ...

REP. YAP (A.). Opo.

REP. ZARATE. ... a statement of what is a public utility ang dapat pong napalagay diyan. Kasi nililimita na ninyo ngayon dito sa tatlo—iyon po ang aming mga pangamba at may basehan po ang mga pangambang ito dahil nga, historically, sa mahabang panahon na itinutulak, kahit na dito sa Mababang Kapulungan, ang pagbubukas, tatanggalin ang protectionist provisions in our Constitution. Ito ho ay di natin gusto na mangyari. Kung susundin ang panukalang batas na ito, gustong ikutan ang ating Saligang Batas, ang hindi nagawa sa pamamagitan ng pagbabago ng ating Saligang Batas o pagsusog sa ating Saligang Batas ay ginagawa natin through legislation and it is an indirect amendment of our Constitution through legislation dahil binago natin ang kahulugan ng public utilities. Iyon po ang gusto nating ipunto diyan.

REP. YAP (A.). For the record, Mme. Speaker, hindi po natin binabago iyong depinisyon. Kaya nga po tayo narito kasi wala pong depinisyon, wala pong statutory definition. Kaya nga po kinaklaro natin or isinasaayos natin, pero pag-aaralan po natin iyong suggestion ninyo na tanggalin po iyong listahan, iyong exclusive listing, at iyong criteria ang ilagay. Puwede naman hong pag-aralan iyon.

REP. ZARATE. Salamat po at nagbubukas kayo diyan pero kami po ay naninindigan pa rin ...

REP. YAP (A.). Opo.

REP. ZARATE. ... na ang tutunguhin ng kabuuan ng batas na ito ay talagang pagbubukas doon sa ating pambansang ekonomiya at patrimonyo.

Pupunta lang po ako sa iba pang punto ano.

REP. YAP (A.). Yes, Sir.

REP. ZARATE. Kahapon, kagabi rin po ay naging talakayan ang usapin kung sino ba ang magtatakda at paano itinatakda ang magiging presyuhan sa pangongolekta sa mga consumer. So, malinaw po dito sa Section 3, may gusto po na amendment doon sa Section 16 ng Public Service Law.

REP. YAP (A.). Opo.

REP. ZARATE. Sinasabi po rito,

The maximum rate of return shall be equal to the post-tax weighted average cost of capital for the same or comparable businesses computed using established methodologies such as the capital asset pricing model. Income tax shall be allowed as a cash outflow for rate-determination purposes.

Ito po ay nakakabahalang probisyon. Nabanggit at nadaanan na rin po ito pero gusto ko pong magpalawig dito dahil sa masamang eksperyensiya po natin. Ang naging tampok na halimbawa dito ay ang nangyari nga sa Maynilad at Manila Water kung saan kahit na ang kanilang income tax ay pinapasa nila o pasanin ng mga consumers dahil nakapaloob ito doon sa concessionaire agreement nila na sa pagtatakda nila ng presyo ng tubig na kanilang sineserbisyo na mga mamamayan, sa kanilang consumers, ay puwedeng ipasa ang kanilang income tax. Ito po ang malinaw na ibig sabihin nito, that, The income tax shall be allowed as a cash outflow for rate determination purposes.

Sa akin pong pagkakaintindi dito, kung gusto nating i-determine kung magkano ba ang bayarin, halimbawa ulit, ng kuryente, dahil ang kuryente is a public utility ay puwede pong i-consider na iyong income tax nila ay kasama doon sa expenses na puwedeng ipatong nila, bawiin nila, sa pangongolekta nila ng bayarin ng kuryente. Ang pagkakaintindi ko po, itong cash outflow ay iyong kabuuang pondo o bayarin na ginasta ng isang kompanya sa isang given period, sa isang taon o sa isang buwan. Kasama diyang iyong pinasuweldo nito sa mga manggagawa, iyong mga biniling supplies, iyong expenses para makapag-deliver ito ng kuryente, et cetera. Dito po, sinasabi na kahit na iyong income tax ay puwedeng makasama doon sa cash outflow for rate determination.

So, iyon po, sa tingin namin, ay hindi lang nakababahala pero lalong pahirap ito sa mamamayan. Isipin ninyo na masyado nang maraming ibinigay na pribilehiyo at incentives sa mga malalaking negosyante, pati ba naman ang obligasyon nilang magbayad ng income tax sa pamahalaan ay ipapasa pa nila sa mga mamamayan.

Nasaan ho ang hustisya diyang? Nasaan ho ang sinasabi natin na ang batas na ito ay tutulong para maiangat ang kabuhayan at magbibigay ng social justice sa ating mamamayan, Mr. Sponsor?

REP. DEFENSOR. Mme. Speaker, may we graciously remind our distinguished colleagues to address the Speaker in the debate.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). Yes, our distinguished colleagues are so reminded.

REP. YAP (A.). Mme. Speaker, kahapon po ay sumang-ayon na po tayo sa opinyon ng distinguished interpellator po natin na si Representative Tinio, na kung mayroon po silang gustong suggestion sa wording to make sure na hindi po maipasa iyong burden na iyon sa mga consumers ay tatanggapin po iyon ng Sponsor dahil magkaisa po kami sa opinyon na hindi po natin puwedeng ipasa iyong mga cost at burden sa cost sa consumers natin. Ganoon pa man, ang hustisya ay hindi lang po sa consumer, Mme. Speaker. Ang hustisya ay dapat rin po sa namumuhunan dahil constitutionally, if the rate is too low, then the investor loses money because the rate is too low at pinilit po natin siya sa competition na hindi naman po siya makapag-charge ng tamang rate at malulugi siya.

Legally speaking, that is a violation of due process because it becomes confiscatory. Business-wise, hindi rin natin puwedeng payagan iyon dahil when he goes out of business o na-bankrupt po siya, hindi po nasilbihan iyong ating pakay na padamihin ang economic players sa sektor na iyon, at gusto natin padamihin o madagdagan ang mga players sa sektor na iyon para, siyempre, competition will give rise to better rates and better services for our people.

Nakita na natin iyan sa airline industry, Mme. Speaker. Noong una pong panahon, isa lang po ang ating airline. Noong nadagdagan po, gumanda po iyong rates. Siyempre, marami pa rin tayong problema sa kanila but generally, kung ikukumpara natin ang estado dati ng airline industry natin sa ngayon, ito ay gumanda. Sa telepono po, we keep complaining about our cellphones but it is a far cry from the time na isa lang po ang telephone company natin, ang landline natin. Today, we have several, we actually have seven providers, but two big ones. Iyon nga po ang Smart at Globe pero ang gusto pa natin palawakin, buksan pa.

So, wala hong problema. Tinatanggap po namin. We are on the same page. We cannot allow burdening the consumer. So, kung ano po ang wording na gusto nila, tatanggapin po ng Sponsor basta kailangan nga po ay fair po tayo na, we do not want that justice must be good only for the consumer, but it must also be good for the investor. Huwag lang pong matalo iyong investor at huwag lang po overly burdened ang consumer, tatanggapin po namin iyong linguwahe ninyo.

REP. ZARATE. Salamat po, Mme. Speaker, G. Sponsor.

Tama naman po. Wala tayong pagtatalunan doon na kailangang maging patas. Kaya nga nililinaw natin ito rito dahil hindi ho patas na pati ang income tax ay isasama doon sa kanilang babawiin sa pag-determine natin ng proper rate.

REP. YAP (A.). Hindi po natin isasama iyong income tax. Hindi nga ho. Hindi natin isasama iyong income tax.

REP. ZARATE. So, pupunta ho ako sa iba pang punto.

Dito rin ho, the same provision, Section 3 on Proceedings, sa page 5 pa rin po. Sa Section 16, line 28, kasi may ipinasok kayong amendment rito sa subparagraph (c): “To fix and determine MAXIMUM individual or joint rates, tolls, charges, classifications, REVENUES, or schedules thereof, as well as commutation, mileage, kilometrage, and other special rates which shall be imposed, observed, and followed thereafter by any public service.”

So, ipinasok po rin, Mme. Speaker, G. Sponsor, ang phrase na ito, “WHEN THE PUBLIC INTEREST SO REQUIRES.” Puwede hong malinawan lang ang Kinatawang ito, Mme. Speaker, G. Sponsor, ano po ba ang pakahulugan natin dito? Bakit natin ipinasok ang “WHEN THE PUBLIC INTEREST SO REQUIRES”?

REP. YAP (A.). Mme. Speaker, posible rin kasi that there will be times in the same way na umaakyat at bumababa po ang presyo ng gasolina, may posibilidad din pong umakyat at bumaba rin po ang fares. So, only when the public interest so requires that the agency will get itself involved, will it do so. It does not mean—I think nakikita ko po ang pangamba ng ating distinguished interpellator na baka ang sinasabi ay aaksiyon lang ito when the public interest requires—hindi naman po, general operating procedure po. Our regulatory agencies are operating 24 hours, I mean, 24 hours they exist. Kumbaga, well, to make the point, 24/7. They are supposed to be always acting for the public interest, but let it not be said and let it not mean that our agencies are only going to work and take matters into cognizance when the public interest so requires because they always act and they are always open for the public interest.

REP. ZARATE. Salamat po, Mme. Speaker, G. Sponsor.

Karugtong po ng tanong na iyan, sino po or who determines the public interest under this provision na dinagdagan ho natin ng requirement na “WHEN THE PUBLIC INTEREST SO REQUIRES?”

REP. YAP (A.). I am sorry?

REP. ZARATE. Sino po ang magde-determine? Who determines public interest?

REP. YAP (A.). The agency—we have to give them that; we have to grant them that. Nasa mandato po ng ahensiya.

REP. ZARATE. So, meaning, if the agency, for example, believes that it is not for the interest of the public so ...

REP. YAP (A.). Magse-set po sila ng rate.

REP. ZARATE. Kapag sabihin ho ng agency or ng regulator na there is no public interest present, ano po ang magagawa ng mamamayan diyan?

REP. YAP (A.). Puwede po silang mag-petisyon. More often than not, the practice is, Mme. Speaker, they always entertain the petitions of the public at pinag-aaralan po nila lagi ito, pero hindi naman po puwede na at every request na matatanggap nila, hindi po sila mag-e-evaluate o hindi po nila pag-aaralan ng mabuti iyon.

REP. ZARATE. Well, theoretically, but I beg to disagree, Mme. Speaker, Mr. Sponsor, dahil sa katotohanan, ang sinasabi ninyong mga regulators ho natin sa kasalukuyan, karamihan ng ating mga regulators, even sa mga usapin ng mga public utility, ay napakaluwang po nila. Probably, they will accept a petition, but more often, lahat noong mga hinihiling ng mamamayan ay hindi napagbibigyan pero ang mga kahingian ng mga malalaking kompanya, halimbawa, sa pagtaas ng presyo ng bayarin, pagtaas ng rate ng pamasaha, pagtaas ng presyo ng kuryente at tubig, more often, sila ang pinagbibigyan. Kaya po ang pangamba natin dito dahil dinagdagan natin ng requirement na ito ay nakalagay doon sa kamay ng sinasabi nating agency or regulator, nalalagay na naman po sa disadvantage ang ating mga mamamayan, dahil kapag sabihan po ng regulator that there is no public interest that is present under this present petition or particular petition ay hindi ho mapagbibigyan ang ating mamamayan.

REP. YAP (A.). Nasa discretion nila, Mme. Speaker, sila po ang nakaupo. Ang understanding natin, nasa kanila ang mandato sa batas na pag-aralan ang mga request na ito. Trabaho po nila ito. That is their mandate. That is their function under the law, at kailangan po nating respetuhin iyon.

REP. ZARATE. Wala po tayong pagtatalo diyan pero dito nga, dahil dinagdagan ninyo ng kundisyon na gagawin lamang nila ito to fix and determine maximum individual or joint rates et cetera, by any public service when the public interest so requires. Iyon po ang gusto nating malinaw diyan. Kasi kapag walang public interest, parang sinasabi natin dito ay walang puwedeng gawin, Mme. Speaker, dapat passive lang ang regulator.

REP. YAP (A.). Mme. Speaker, in the spirit of getting this Bill passed, again, we will concede the point of our distinguished interpellator. They can nominate the language. We will include it in the period of amendments. Wala pong problema.

REP. ZARATE. Salamat po, Mme. Speaker, G. Ispponsor.

Pupunta na po ako sa iba pang punto. Dito pa rin sa Section 6, with regard to penalties for violations. This is in relation doon sa una kong mga katanungan. Mme. Speaker, kino-confirm ba ng ating Sponsor na ang probisyong ito would only cover the enumerated public utilities in the event that the three enumerated public utilities ang susundin nating definition of what a public utility is?

REP. YAP (A.). Hindi po. Pati mga public services, kasama po. Kasi dati ang penalty P200. Public utilities being a subset of public services, pati po ang public services ay maisasama sa coverage ng penalties for violations.

REP. ZARATE. So, ibig po ninyong sabihin, dahil public service, walang pagtatangi. Kahit na ito ay transportation, public service ng gas, telecommunications, et cetera, it would apply?

REP. YAP (A.). Opo, Mme. Speaker.

REP. ZARATE. So lahat ng kinukonsidera nating public service, ang penalties for violations po rito ay mag-aapply, Mme. Speaker?

REP. YAP (A.). Puwede pong isa, combination; puwede pong lahat, depende na po ito sa regulatory agency.

REP. ZARATE. Ano ho ang magiging papel nitong panukalang batas na ito? Will this be supplementary or will this be the general framework when it comes to penalties for violations, especially with regard to the public services?

REP. YAP (A.). This will become the guiding law for public service and public utility violations.

REP. ZARATE. Maraming salamat po sa paglilinaw.

Iyon na lang po siguro ang aking mga major na katanungan. Mayroon isang minor, ano na lang po, concern dito sa panukalang batas na ito. Kagabi po ay nag-enumerate naman kayo kung ano ang mga agencies na ito na sakop, iyong regulators. Ang napansin ko po, mukhang walang agency or regulator patungkol sa ating mass transportation. I am specifically referring to the MRT, LRT and to include probably the PNR. Ang mga ito po ba ay nasasakop nitong panukalang batas?

REP. YAP (A.). Mme. Speaker, may I just please get the list? Kukunin ko lang po iyong listahan. Ito ang agencies kung saan na-transfer na po ng Public Service Commission ang original powers and duties nito sa

Department of Transportation, Land Transportation Franchising and Regulatory Board, Land Transportation Office, and so on and so forth.

It must be one of these agencies, Mme. Speaker, distinguished interpellator. It could be the Department of Transportation, the LTFRB or the LTO. It must be one of the DOTr's attached agencies.

REP. ZARATE. Puwede po siguro tingnan natin ng maigi iyan dahil sa napakaraming pagdinig ng Kongreso, lalong-lalo na sa Committee on Transportation. Kapag tinatanong kasi natin kung sino ang regulator ng mass transport natin kagaya ng LRT o MRT, walang makasagot ng maayos sa atin. Sino ang magtatakda, magkano ang sisingilin nila—walang naibibigay na malinaw na sagot. So kailangan sigurong linawin natin sa panukalang batas na ito maging ang mga ahensiyang ito? Kasi ang sinabi dito, “agency” lang. Ano po ang mga ahensiyang ito? Ano-anong mga ahensiya at ano-anong mga negosyo ang nire-regulate nila para lang malinaw. Kapag sinabi nang batas na ito, saklaw lahat ng public service including public utilities, hindi po tayo magge-guess work. Sa anong agency kaya ito mag-a-apply? Mag-a-apply ba ito sa National Telecommunications Commission? Mag-a-apply ba ito sa Energy Regulatory Commission? Mag-a-apply ba ito doon sa other regulators tulad ng MWSS Regulatory Office, LTFRB, et cetera, Mme. Speaker, distinguished Sponsor?

REP. YAP (A.). Mme. Speaker, kung LRT po, sa LRTA po ito which is a sub-agency of the Department of Transportation.

REP. ZARATE. Salamat po. Tinanong na rin natin iyan at walang malinaw na sagot. Sinasabi ng LRTA, for example, ang PNR pero hindi nila sakop. Kailangan siguro, in the consideration of this proposed bill, linawin natin.

REP. YAP (A.). Salamat po, Mme. Speaker.

REP. ZARATE. Dahil magkakaroon na naman ng misinterpretation diyan kung paano ba mag-a-apply ang panukalang batas na ito.

Bilang panghuli, kaya po natin nililinaw ito dahil nga sa mga pangambang nakita natin sa panukalang batas na ito, na kung papayagan ito sa kabuuan, ang talaga pong tutunguhin nito ay ang pagbubukas in a direct manner ng ating pambansang ekonomiya at patrimonya, at pagwawalang bahala doon sa prinsipyo kung bakit mayroong protectionist policy pa ang ating 1987 Constitution, lalong-lalo na doon sa mga usaping public utilities.

Napatunayan na ng ilang mga pag-aaral na ang relasyon ng sinasabing investments, especially

foreign investments, kahit na napakaraming foreign investments ang pumasok sa ating bansa nitong mga nakaraang mga taon at dekada, napakaraming pribilehiyo ang ibinigay natin sa mga kompanyang ito. In fact, Mme. Speaker, habang nag-uusap tayo dito, sa ongoing budget hearings, andiyan, ang daming incentives ang binibigay. Halimbawa, isang dambuhalang kompanya, Texas Instruments, hanggang ngayong ang kuryente nila ay binabayaran natin. Sina-subsidize natin ang kuryente nila, at hindi lang ito thousands but millions and billions of pesos. Napakaraming incentives at pribilehiyo nila.

On the contrary, ang ating mga mamamayan ay tuloy-tuloy na nahihirapan hindi lang sa tuloy-tuloy na pagtaas ng mga presyo ng mga bilingin, kundi sa mga pagpapasan ng mga dagdag pa na buwis, pagtataas ng mga bilingin, ng mga bayarin, dahil na rin kahit sa kasalukuyang rehimen, nagpapabaya ang ating regulatory agencies.

Gusto nating umunlad ang ating bayan pero ang relasyon ng sinasabing pag-unlad ng ating bayan doon sa maraming investment, at hanggang ngayon ay nagbibigay tayo ng maraming pribilehiyo sa mga kompanyang ito, hindi ho ito natin nakikita. Ang ating nakikita ngayon sa sinasabing free market, itong neoliberal na kapamaraan ay lalong nagpapabusabos, nagpapahirap sa ating mga kababayan. Iyon po ang aming malaking pagpuna dito sa panukalang batas na ito. Sa panahon na pagbobotohan natin ito, tingnan po natin dahil talagang, as it is now, hindi katanggap-tanggap na ang ating pambansang ekonomiya at pambansang patrimonya ay isasawalang-bahala natin at bubuksan sa mas lalo pang pagsasamantala, lalung-lalo na ng mga dayuhan.

Maraming salamat, Mme. Speaker. Maraming salamat, G. I sponsor.

Magandang gabi po sa ating lahat.

REP. DEFENSOR. Maraming salamat po.

REP. YAP (A.). Mme. Speaker, just very quickly. I would just like it to be entered into the records that the website of the Department of Transportation, the LRTA reports to the department as one of its agencies. Just as a follow-up reaction and comment, from the time that we started opening up our economic sectors during the Ramos administration, the Philippine Gross National Income per Capita was \$1,200. We are today at \$3,800 despite the fact that we have had an astounding population growth rate.

Hindi naman po siguro puwedeng sabihin na ang lahat ng economic policies natin ay hindi naging matagumpay, at automatic na kapag binubuksan po natin ang ating ekonomiya sa mga dayuhan, ang ibig sabihin ay isinusuko na natin kontrol ng mga dayuhan ang mga sektor na ito.

Uulitin ko po na isinasaayos lang po natin ang depinisyon ng “public utilities,” but as we open up these sectors, they continue to be regulated. Whether they are a public service or a public utility, hindi po natin tinatanggal iyan sa saklaw ng regulasyon ng ating mga ahensiya. They are not going to be allowed to run wild. Iyan lang po ang ating comments sa issues that were brought up by our distinguished interpellator.

Marami pong salamat, Mme. Speaker at sa ating interpellator.

Thank you very much.

REP. ZARATE. Mme. Speaker, just a quick reaction. Sa naturan po ng ating Sponsor, Mme. Speaker, sinasabi niya na talagang mayroon namang pag-unlad. Taliwas po ito dahil kung talagang umunlad ang ating bayan, hindi ho sana lumobo rin ang numero ng mga mahihirap at ng mga walang trabaho.

Sa katunayan, Mme. Speaker, ang ating isang inaasahan ho ngayon, kaya umaangat ang ating ekonomiya ay dahil sa pag-export ng ating lakas paggawa at ang pinapadala nila sa ating bayan, kahit sinabi nila na napakalaki na ng direct foreign investments o FDIs dito sa ating bansa. In fact, sa nakaraang ilang dekada, hindi nag-resulta ang foreign direct investments sa atin na maging isang industriyalisadong bansa ang ating bayan, na nakaalis na tayo mula sa pagiging isang agricultural na bansa kagaya ng ating neighboring countries. Sa katunayan, the sale of our manufacturing sector in the economy has been steadily falling. Even our agriculture has been steadily falling. Ang manufacturing nga natin nitong mga nakaraang panahon nasa 22.2 percent lamang ng ating GDP. Bumagsak po ito, Mme. Speaker. Hindi naging industriyalisado ang ating bayan kahit may mga pumasok na sinasabi nating foreign investments at marami pang usapin, lalung-lalo na sa employment.

So, it is a myth iyong sinasabi natin na, if there are foreign investments coming in—pouring in, ulan, babagyo ang foreign investments dito—bibigyan natin sila ng mga pribilehiyo, mga incentives, ay uunlad ang ating bayan. Napakatagal na panahon na iyon ang ating framework at hanggang ngayon, naghihirap pa rin ang ating bayan. Primarily agricultural pa rin ang ating bayan. Taliwas ito sa sinabi ng ating economic managers na we are no longer an agricultural country pero sa katotohanan, sa kalakhan, tayo ay isang agrikulturang bansa pa rin na nagnanais na maging isang industriyalisadong bansa.

Maraming salamat, Mme. Speaker. Maraming salamat, distinguished Sponsor.

REP. YAP (A.). Mme. Speaker, just one point lang po. I guess one sector lang na puwede nating tingnan noong binuksan natin, na very much dependent sa telecommunications ay ang BPO industry. Noong 2001, nag-umpisa po ito sa 5,000 seats, ngayon po ay

more than half a million seats na tayo and going to over one million. Ang kinikita ng BPO workers natin is actually more than the remittances already being sent to us by our OFWs. That is one clear example that with telecommunications improvements and changes in the structural makeup of our economy, there are sectors that are growing. As the world changes, as innovation takes place, there are changes and reforms, there are structural adjustments that happen in any economy, and that is why we do not have the silver bullet, Mme. Speaker, we do not have that single solution or answer. Hopefully, with all of the improvements that we are trying to do right now, we can find that balance of increasing jobs and increasing incomes for our people and increasing employment as well. We do not have all the answers, we can only do our best, Mme. Speaker.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). Thank you, distinguished Sponsor.
The Floor Leader is recognized.

REP. ROA-PUNO. Mme. Speaker, I move that we recognize the Hon. Ariel “Ka Ayik” B. Casilao from the Party-List ANAKPAWIS for his interpellation.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). The Honorable Casilao is recognized for his interpellation.

REP. CASILAO. Thank you, Mme. Speaker.
Will the distinguished Sponsor yield to some interpellation?

REP. YAP (A.). It will be an honor, Mme. Speaker.

REP. CASILAO. In the Sponsor’s opening statement yesterday, Mme. Speaker, he mentioned that one of the objectives of this proposed Bill is to clarify the definition of public utilities in order to open certain industries to more competition. Am I correct, distinguished Sponsor, Mme. Speaker?

REP. YAP (A.). Yes, Mme. Speaker. It is basically to provide a definition so that not all industries can be lumped as one over the other, because without the definition of public utilities right now, the definition is interchangeably being used to refer to a public utility and a public service.

REP. CASILAO. Thank you, Mme. Speaker, distinguished Sponsor.

Ang term po na ginamit “clarify,” noong binasa ko ang proposed Bill at ang first objective, sa totoo lang po, Mme. Speaker, distinguished Sponsor, to borrow the favorite line of my colleague in BAYAN MUNA, Carlos Zarate, alam ninyo naman siguro at napanood ninyo

ang palabas na “Heneral Luna,” kung saan binanggit ni Heneral Luna ang tanong, “negosyo o kalayaan, bayan o sarili?”

Tumatak ang term na “clarify” because the danger of opening a floodgate in determining and defining “public utility” vis-à-vis “public service,” would eventually or conclusively, ilalagay na natin doon sa usapin ang public utilities na binanggit. In my next question, I will be focusing on those things as mentioned in this Bill. Gusto nating klaruhin at linawin, Mme. Speaker, distinguished Sponsor, na ang pagbubukas ng mga usapin tungkol sa public utilities ay partikular doon sa sinasabing negosyo na mayroong karakter that will serve the public or the access as long as may capacity to pay. Am I right, distinguished Sponsor, Mme. Speaker?

REP. YAP (A.). Mme. Speaker, may I ask for a clarification sa puntong capacity to pay, papaano po ito?

REP. CASILAO. Well, ang sinasabi kasi ng panukalang batas na ito, dini-define ang public utilities even though it is for public use, service, and in fact the danger or the thin line between public service and public utilities is a separate discussion. However, dito po sa balak at planong i-define ang public utilities, particularly itong tatlo na binabanggit dito, it will entail those who will access, eventually, kailangan sila magbayad—the access or the cost that he or she should avail must pay—must be paid.

REP. YAP (A.). Tayo po...

REP. CASILAO. Tayo po—ang mamamayan?

REP. YAP (A.). ...as consumers, opo. Tayo po.

REP. CASILAO. Kaya nga po doon sa layunin na paglilinaw nito, nabanggit po ninyo kahapon sa inyong opening statement—to open up competition, ano po. Am I correct?

REP. YAP (A.). Opo, isa pong possible consequence iyan, Mme. Speaker.

REP. CASILAO. Kaya lang po bumabalik pa rin sa aking isipan—I was not yet a legislator at that time, but if the distinguished Sponsor, Mme. Speaker, can remember during the deliberations on the Oil Deregulation Law, it was enacted in these very halls of Congress, and the same words that you used, iyong na-quote o ginamit ninyo kahapon promising that competition will result in the lowering of prices and eventually, dahil mababa ang presyong ito, the industry and the services to be availed by the people,

mayroong sinasabing quality. However, these are the same promises made by the Sponsors during those tedious deliberations—I cannot remember the specific Congress. We are in the Seventeenth Congress now, but I think it was in the Tenth or Eleventh Congress. But look at what is happening now—instead of breaking the cartel, breaking the monopoly, if there was a duopoly, it seems that the cartel was strengthened and consolidated, and maintained control of, supposedly, a very strategic industry on oil and petroleum products, but the burden continues to be carried by our consumers.

This is the same promise made by the government, under the former administration of Ramos, that *bababa po ang presyo ng mga bilinging petrolyo dahil sa batas na ito*. Ang nangyari, mula noong naipatupad ito, nananatili po na skyrocketing ang mga presyo ng petroleum products. Its regulation by our state power, because the industry was deregulated, wala na pong halos magawa and parang lumpo ang ating ahensiya ng gobyerno para pigilan o protektahan ang ating mga consumer.

Ngayon, Mme. Speaker, distinguished Sponsor, if we open and we define public utilities as proposed in this Bill and you used those same words yesterday, that same promise that it will deliver quality service, *bababa po ang presyo*, at papabor po iyan sa ating mga consumer, sa ating mamamayan, are we not repeating history itself, Mme. Speaker, distinguished Sponsor?

REP. YAP (A.). Mme. Speaker, sa usapin po ng mataas na presyo ng bilingin, kung pagkain po ang pag-uusapan, hindi po dahil ito sa presyo ng gasolina. Ang presyo po ng pagkain, kung sakali man itong tumataas o hindi natin maibaba, ay dahil po sa, combination po, labor, inefficiency, low productivity, absence of warehousing and post-harvest facilities, and now, exacerbated by climate change.

Dati po, mas kaunti po iyong mga bagyong dumadaan sa Pilipinas; ngayon, mas grabe na po. Sumasama po ang epekto sa atin dahil ang level ng post-harvest losses natin have not been addressed and it is still like, for example, for rice and corn, it is still upwards of 15 percent. Sa presyo po ng langis, Mme. Speaker, we continue to have one of the lowest, if not the lowest, prices in the region if we are going to consider real terms because all other oil regimes in other countries are subsidized. Malaysia subsidizes fuel. Singapore has basically—no, it does not subsidize fuel, but Indonesia does, and the price of fuel in Singapore is definitely higher than ours. Japan is definitely higher than ours. China is higher than ours. Taiwan is higher than ours. So, in terms of dollars, in terms of prices, we are at par considering wala pong subsidiyo. Taiwan has a subsidy. Vietnam has assistance from the state. So, I do not think puwede pong sisihin iyong high prices ng goods and food products sa issue po ng non-liberalization or non-deregulation.

REP. CASILAO. Thank you. Mme. Speaker, distinguished Sponsor, I will not belabor the Sponsor. We will limit our discussion on that but I would just like to present that these are the same promises being made, and this Representation would brutally or frankly say that the promises were broken at that time, and that is why we suffer now the consequences of those broken promises before. Now, we do not want that these same words be used again to convince the public by virtue of our elected officials in this Congress, and deliberate and approve this later on, and eventually, these are the same promises that we will explain to the Filipino people, but at the end of the day, it will be the same burden.

REP. YAP (A.). I agree.

REP. CASILAO. Doon po tayo sa usapin on these identified three utilities as manifested in the proposed Bill. May I be allowed, Mme. Speaker, distinguished Sponsor, to historically enumerate one circumstance and case where we allowed private entity to construct and eventually, naging negosyo na ngayon: for example, the transport privatization and in particular, the case of NLEX. A private entity provided the construction and now, they are currently collecting. In 2007, the categorization and the collection of rates from Class 1, Class 2, Class 3, it is about P180 for Class 1, P449 for Class 2 and P539 for Class 3. Now, a few years after or even as of 2016, tumaas po ito. Ang Class 1, naging P218; ang Class 2, naging P544; at ang Class 3, naging P652. The companies involved in maintaining this NLEX are big, known companies locally, domestically, and with foreign backup or with foreign funding. BDO Unibank, for one, has 12 percent of the shares, and Metro Pacific Tollways Development Corporation got 73 percent.

Ngayon po, noong naipatupad prior to the NLEX categorization noong Class 1, Class 2, Class 3, sa unang presyo, mahigit 400 miyembro ng asosasyon ng mga nagde-deliver ng gulay from Baguio and Benguet to Manila, bumaba po iyan ng halos kalahati; mahigit 200 na lang o 208 to be exact iyong mga sumugal na magpatuloy dahil nga hindi kinaya iyong drastic increases. If I can remember, one of our committees, in on-site hearing in Benguet in one of the resolutions of this Representation, particularly the impact of globalization in the agriculture industry or on agriculture, isa po itong nabanggit sa may pinakamalaking epekto sa production cost maliban doon sa farm—iyong transportation. They believe na isa ito sa mga naging epekto ng pagbigay sa isang private entity ang pangongolekta dahil nga sa ginagawa o sa maintenance ng NLEX na iyan.

I am giving this example, Mme. Speaker, distinguished Sponsor, because gustuhin man natin na maganda ang kahihinatnan nito, eventually, there are

sectors of our society in particular, sa mga binanggit na proposed utilities dito, tatlo ang proposed utilities, eventually, we will really be having a very hard time in convincing the actuality, especially the impact or the effect.

My point, Mme. Speaker, distinguished Sponsor, when we identify the proposed utilities to be defined, public utilities, there are a lot of stakeholders, particularly in the transmission. Ngayon pa lang, Mme. Speaker, distinguished Sponsor, we are already burdened with the high cost of electricity. If I may ask, does the distinguished Sponsor agree that the Philippines has the highest electricity rates compared to our neighboring ASEAN countries and the world?

REP. YAP (A.). Mme. Speaker, I do not have specific data on saying conclusively and definitively that we are the highest or we are the lowest. All I know is that in the area of power, we do not subsidize companies, we do not subsidize our consumers.

REP. CASILAO. Precisely my point, Mme. Speaker, distinguished Sponsor. Let me go back to my first point. We are opening the floodgates. Am I correct, Mme. Speaker, distinguished Sponsor, to say that in the second objective of this proposed Bill, sinabi ninyo po doon “attracting investments into public utilities eventually would mean to open up control by private entities, foreign or domestic.” Am I correct, foreign or domestic?

REP. YAP (A.). Kapag—forgive me, Mme. Speaker, can I please have the question again, I am sorry.

REP. CASILAO. Sa inyo pong pangalawang layunin, “to provide a mechanism for rate fixing that allows a reasonable rate of return of investment to attract investments into public utilities.”

REP. YAP (A.). Opo.

REP. CASILAO. In my simple understanding, “to attract investments,” are we referring to private entities, foreign or domestic?

REP. YAP (A.). We are opening, we would like to open the investments, as much as possible, to anyone. Unfortunately, for electricity transmission and distribution, they fall within the criteria of a public utility and unfortunately, at this point in time, the Constitution only reserves that for Filipinos. If the advocacy of the distinguished interpellator is to categorize them as non-public utilities thereby opening them up to further competition, that could be very welcome to Filipino consumers para madagdagan ang investors. Puwede rin po iyon.

REP. CASILAO. Again, dahil nga po ang kinakatakutan ng Kinatawag ito, Mme. Speaker, distinguished Sponsor, it seems that the underlying objective of this Bill is to circumvent the existing constitutional prohibition. Mme. Speaker, distinguished Sponsor, just an idea, there are countries currently na hindi lang simpleng subsidiyo o subsidy ng gobyerno nila sa basic and strategic industries, public utilities and public services; their government, their state is strictly governing this and yet wala naman pong nakikitang problema doon. That is why, Mme. Speaker, distinguished Sponsor, the very intention of the constitutional prohibition is not only for the enjoyment and the benefit of the Filipino people, but precisely there is that very important sense of our national patrimony and sovereignty, especially those sovereign guarantees. Now, Mme. Speaker, distinguished Sponsor, this will be a frank question: Will it not be a circumvention of the existing constitutional prohibition, the proposed Bill?

REP. YAP (A.). Mme. Speaker, it will not be a circumvention because in the first place there is actually no definition of “public utility.” When we say, we want to protect the national economy and patrimony from the point of view of control, then I ask the Sponsor, as control for whom?

The ownership is not in question, Mme. Speaker. Today, puwede po nating buksan ang lahat ng mga services at utilities na ito to full foreign ownership. Ang pinag-uusapan lang po natin dito sa Constitution ay control of operation. So, kapag sinabi po nating nangangamba po tayo na binubuksan po natin ang sektor sa mga dayuhan, kung sa ownership lang po o sa pag-aari lang po ng negosyo, open na po, bukas na po ito para sa 100 percent na pag-aari ng mga dayuhan. Ang pinag-uusapan po ay iyong operasyon kaya po natin isinasabay ang mga definition dahil gusto rin po nating bigyan ng pagkakataon ang mamumuhunan na mabigyan po ng control at management up to the extent how much they invested in that business. That could possibly motivate them to come in, invest more and compete in this sector.

REP. CASILAO. Kaya ang tanong ko nga po, Mme. Speaker is, kung protection, protection from whom? Ang hinihingi ko sana sa mga kasama natin sa Kongreso, punto de vista ng mamamayang Pilipino, hindi punto de vista ng sektor ng kung sino ang mag-aari o magko-control sa negosyo. Tayo ba ay masaya sa level ng services na binibigay sa atin ng common carriers natin? Tayo ba ay masaya sa level ng services na binibigay sa atin ng telecommunications natin? Kung hindi tayo masaya sa rates ng electricity natin, tsaka sa water rates natin, baka dapat tanggalin natin ang mga ito sa public utilities at buksan na rin natin at kung may mag-i-invest dito, di pabayaang po natin

silang mag-invest at mamuhunan sa mga negosyong ito. Baka bumaba pa nga po ang presyo ng ating tubig o kung hindi po ang ating transmission or pati po ang ating power rate, ang transmission po at ang distribution ng electricity. So, from the point of view po, sana, of who we are protecting these businesses for, Mme. Speaker?

Mme. Speaker, distinguished Sponsor, allow me to be a little bit of a utopian. Is it not ideal if the state controls, manages, and develops strategic industries, public services and utilities? Solely by the state, that is.

Mme. Speaker, distinguished Sponsor, this would be some sort of, o ito iyong ikinakantiyaw ng ilang schools of thought, na baka ang gusto nitong mga taga-Kaliwa ay isang utopian mode of thinking of developing an economy. Pero sa totoo lamang po, Mme. Speaker, distinguished Sponsor, napatunayan na po iyan. Sa tala ng kasaysayan ng sanlibutan, mayroong mga nagtayo, mayroong mga gobyerno, mayroong mga bansa—with sovereign will, on their own—who governed all of the political, economic and socio-cultural spheres. They succeeded even though in the latter part of the '80s and '90s, early part of '90s, sinasabi na “Hindi, itong mga sosyalistang bansa tulad ng China at ng Russia ay nag-succumb na sa temptation ng kapitalismo.” But in the records of history, Mme. Speaker, distinguished Sponsor, undeniably, na-develop, bagama't debatable, ng sarili ng mga bansang ito, ng kanilang mga mamamayan, ang usapin ng pangkabuuang ekonomiya nila—they stood independently. Itinayo nila ang kanilang lipunan, ang kanilang bansa sa sarili nilang paa, and they developed. Look at them now, even though there are debatable aspects or factors—China, for example, hindi po aabot ang China sa pagiging isang globally-competitive o hindi ito magiging isang kakompetensiya ng Estados Unidos sa ngayon kung hindi sila dumaan noong panahon ng pamumuno ni Chairman Mao Zedong. Ang Russia, hindi po ba hindi siya mabibilang sa G8 ngayon kung hindi dumaan sa rebolusyon ni Lenin, ng October Revolution, ng Industrial Revolution at ng pamumuno ng isang socialist mode of government in which they focused or their current available resources are strictly governed by their own state, and the welfare of their people is the utmost consideration, Mme. Speaker, distinguished Sponsor?

Kaya nga po magiging pangarap nating mamamayang Pilipino na, to perfect these public services, these industries na ang baseline natin, kung ano iyong mayroon tayong capital—and we have the greatest capital, and we have the greatest asset. Aside from our manpower, aside from our population, we have the greatest asset in our economy than can make us not only a paper tiger economy, not only—hindi lang po sa usapin na fictitious statistics of growth ng GNP, ng GDP, but we can rely on our own merits. Kaya nga, Mme. Speaker, distinguished Sponsor, if I may go the point na

sa ngayon, tatlo pa lang po—distribution of electricity, transmission and sewerage—pero dahil nakalagay po doon, at ito po iyong nakakatakot, Mme. Speaker, distinguished Sponsor, “as long as it is provided by law.” Ibig sabihin, tatlo ngayon, installment sa susunod. The danger of enacting this proposed Bill ay mayroon na po iyang, sabihin nating precedent, na sa susunod na Congress—it may not be the Seventeenth, it may be the Eighteenth or the Nineteenth Congress because there is already a precedent, “as long as it is provided by law.”

Again, I will go back to my point, we are opening the floodgates of considering, even to the point na nasasagasaan na iyong thin line ng public service vis-à-vis public utility, Mme. Speaker, distinguished Sponsor.

REP. YAP (A.). Mme. Speaker, we can all be utopian. I would like to join the distinguished colleague. His passion is infectious in dreaming of this utopian world. Without having to change our system of government, we have tried it. We used to have NAWASA and we used to complain about water services, and that is why we had to modernize it. Dati, we only had one airline. We complained and that is why we had to modernize it. In the area of telephone services, we only had one provider and that is the reason we had to modernize and open up that sector. So, today, even if we complain about our cellphones, we are also cognizant of the fact that great change and innovations and benefits have been given to our consumers.

But, to join our distinguished interpellator, if only this state can do this job properly, efficiently, without corruption, then I join him. It would be utopian. It would be ideal. But such is not the case today, sadly. I do not derive any pleasure in saying it, but sadly, it did not work.

REP. CASILAO. Mme. Speaker, distinguished Sponsor, the things that the Gentleman mentioned, that he has detailed, na dahil mayroong monopoly, we demanded a better quality of service, and that is why there is a need for competition. May I disagree with that, Mme. Speaker, distinguished Sponsor, because this Representation believes that the failure and inefficiency of those the distinguished Sponsor mentioned lies or is not only limited to the failure of government, and of course, of its people. Ngayon po, hindi po pupuwedeng gamutin dahil nga failed iyan. We failed in that aspect. Let us abandon our responsibility. Let us abandon the state's responsibility to provide such and in fact, whether we like it or not, totoo naman talaga na mayroong selection ng mga kompanya. Kung usapin iyan ng telecommunications, puntahan mo iyong Globe, puntahan mo iyong Smart, PLDT, Bayantel. These are the different competitors in that field.

But, then again, we are burdened because we have no choice. They are the companies, they are private entities which provide the services that our government cannot. Therefore, we are at the mercy of these companies. Magtitimpi na lang po tayo kung anuman ang kapalpakan ng mga kompanyang ito. Kung ninanakawan man tayo ng load for several—before I availed of a postpaid plan, maglo-load ako ng P300, isang araw lang po iyan dahil ninakawan ako ng load. We can do something. Puwede nating imbestigahan, puwede nating ipatawag—inquiry. Yes, these are part of the intervention mechanisms that the state, that the government can provide but, at the end of the day, kahit pa paulit-ulitin nating ipatawag ang mga kompanyang ito, kahit pa paulit-ulitin pa nating papuntahin sa ating mga congressional inquiry dahil may isang kagalang-galang na Kinatawan ng isang distrito na magsasalita na ganitong kapalpak ang serbisyo nila, at the end of the day, we are still at their mercy.

That is why a concrete realization, Mme. Speaker, distinguished Sponsor, if we allow that—sa ganitong mga subsectors, there is now currently a proposed bill that we are currently deliberating and identified three fields. Again, Mme. Speaker, please understand that the distinguished Sponsor and this Representation really differ on the understanding of how public utilities should be managed.

Again, Mme. Speaker, distinguished Sponsor, if I may ask the Gentleman, if I may be brutally frank, tatlo ngayon, may susunod pa ba?

REP. YAP (A.). Sa definition po ng public utility, we have left the criteria, the five criteria there, as a guide for the NEDA and the Philippine Competition Commission and ultimately, Congress kung may susunod pa. But I actually join the impassioned plea and analysis of the distinguished interpellator that we are defenseless when we are taken advantaged off. The only way to possibly cure this is through competition kaya kailangan po natin buksan.

Kung sakaling hindi man naging ganap ang tagumpay po ng pagbubukas ng mga sektor na iyan ng ekonomiya, hindi po ibig sabihin that we have totally failed. Baka po kulang pa. Hindi dahil sa hindi po natin nakamit iyong ganap na kumpetisyon, ganda ng serbisyo, kababaan ng rates at ibang benepisyo, ay ibig sabihin na kailangan po we will abandon the reforms that we have undertaken. Baka ang sagot, buksan pa po at iyon po iyong pino-propose po ng Bill na ito. Kapag isinaayos po natin ang mga depinisyon, baka mas mabuksan pa natin ang mga sektor na iyan.

REP. CASILAO. Mme. Speaker, distinguished Sponsor, before going to the details per provision of the Gentleman's proposed Bill—mag-uumpisa pa lang po ako sa first line—ayan, before going to the item-per-

item question, Mme. Speaker, distinguished Sponsor, does the distinguished Sponsor remember that at one time here, in the same halls, there was a bill during the time—I think the Gentleman was the Secretary of Agriculture under former President Gloria Macapagal-Arroyo at that time—when a massive protest, public opinion protest floated that the former President wanted to change the Constitution via Charter change, and not only the provisions on the political aspects were touched or were recommended, but also the economic provisions. After that, mayroon pong ipinasa, and siguro, we can check the records of Congress, na lahat po ng mga proposed amendments of the economic provisions of our Constitution, mayroon pong nakalagay doon na to shorten and to deviate from public opposition, let us use Congress, or let us go through Congress, na lahat iyong mga prohibisyon na iyon ay dagdagan na lang nating ng “as provided by law.” So, hindi man sa isang bagsakang constituent assembly or constitutional convention gagawin, i-installment natin and I fear, Mme. Speaker, distinguished Sponsor, the installment I am referring to, nangyayari ngayon and we are currently deliberating on it.

The problem with that, Mme. Speaker, distinguished Sponsor, as I had mentioned, tatlo ngayon, then, marami pang susunod. It will be very unfortunate, Mme. Speaker, if we limit only our defense of this proposed Bill simply because we wanted competition to ensure better services or quality services that will be delivered by this company, without considering the very fact that we are selling these assets, selling this necessity or these necessary parts of our economy to total private control or monopoly by a private entity.

I cannot fully agree, Mme. Speaker, distinguished Sponsor. We want to break the monopoly, and that is why there is a need for competition and the entry of private companies with the same focus on utilities to invest and probably entice consumers, to entice our people to avail of their services or to avail of their business is really a thing that we must—not in this current generation, but especially for the future generation—really safeguard.

In a sphere, sa isang usapin kasi, Mme. Speaker, ng paradigm ng ating ekonomiya, magdedebate tayo kahit mag-umagahan, kahit araw-araw. We will really differ on the premise of why the proposed Bill will open up the floodgates for further exploiting—not only exploiting our people, but putting our government doon sa kakayanan niya na protektahan ang welfare and interest ng kanyang mamamayan.

That would be a very sad reality, Mme. Speaker, distinguished Sponsor, na kapag iyan po kung sa ngayon ay tatlo—and I would really would love to discuss, first, the problem of our current industry sa usapin ng distribution of electricity. I can name a lot of cases not only in the region where I come from, na kahit ito ay

binukas sa kumpetisyon, at the end of the day, sinabi ko na nga kanina, there is still monopoly. In fact, the competition that the distinguished Sponsor is referring to is just a smokescreen but eventually, the monopoly exists, the monopoly continues. These private entities enjoy millions, if not billions, of profits, thus, putting the interest and welfare of our consuming public into a very dangerous situation. That is one of the general criticisms of this Representation, Mme. Speaker, distinguished Sponsor, with the current proposed Bill.

REP. YAP (A.). Mme. Speaker, in the sad reality of exploitation, iyan nga po, sabi ng ating distinguished interpellator, magpapatuloy po ito. This sad reality of exploitation will continue unless we allow more players into these sectors and industries. Iyon lang naman po siguro ang iminumungkahi ng Bill na ito, to open it up. If we still keep it this way, then nothing will happen.

The distinguished interpellator brought up the example of China. When Mao Tse Tung kept China closed, the Great Leap Forward resulted in a massive famine that killed more than 50 million people. But when Deng Xiaoping opened up China and adopted capitalist methodologies, it actually saved China using his very famous maxim, “it does not matter whether a cat is white or black, as long as it catches mice.” They were very practical. I ask us, Mme. Speaker, to be practical today.

We have already opened up ownership of these services and utilities even to foreigners, but we have denied them control and managerial control and operation of these industries. That is the reason we remain where we are.

We say we want to protect Philippine patrimony and Philippine economy. That is the reason, Mme. Speaker, distinguished Sponsor, I ask you, for whom are we protecting these industries? Magbasa po tayo ng diyaryo, makinig po tayo sa radyo, manood po tayo ng telebisyon. Paulit-ulit naman po iyong mga kumpanya at saka mga pangalan ng mga kumpanyang may kayang mamuhunan sa mga negosyong ito. For whom are we protecting this? The question is not why should we not put the definitions in order and open up the economy. The correct question is, why are our interpellators not joining us instead? Iyon ang tanong. Let us not take it from the point of view of ownership. Let us take the problem, understand it and advocate from the point of view of consumer protection, not from the point of view of ownership.

Huwag po nating pag-usapan ang isyu ng Public Service Act sa punto de bista ng may-ari at kung sino po ang nagmamay-ari. Sana pag-aralan at pagbigyan po natin ang Bill na ito sa punto de vista ng mga kababayan nating mga Pilipinong matutulungan po kapag naisaayos po natin ang batas na ito, Mme. Speaker, distinguished interpellator.

REP. CASILAO. Mme. Speaker, distinguished Sponsor, I can debate with you all day, all night, on the experience of China and the historical fact that the one that you quoted that resulted in massive famine when Chairman Mao Zedong declared their socialist construction, actually, is part of the historical distortion of the actual facts that happened after the Chinese revolution in China.

Again, I will not belabor our distinguished Sponsor with that because there is a proper time and there will be a lot of time for us to discuss collectively with regard to that topic. But, Mme. Speaker, distinguished Sponsor, let me clearly point out one. You mentioned, upon interpellation of Congressman Zarate, that the BPO boomed in our current state, and, in fact, reflecting that the Gross Domestic Product is one of the highest and increasing at that. Tingnan natin ngayon ang dami pong mga call centers and other subsectors of the BPO industry. Majority of them are owned by foreign investments or by foreign companies. Karamihan at kalakhan po niyan ay mamumuhunan. Totoo na it employed a lot of English-speaking youth today, fluent English-speaking youth. Unfortunately, this is one of what I have been telling at the start of my interpellation, Mme. Speaker, distinguished Sponsor. We do not have—hindi po natin—ang industriya pong ito ay kabilang sa sinasabi nating service sector. And this service sector industry or the BPO industry, whether we like it or not, is a very limiting aspect. It may be very helpful or it may have contributed sa GDP natin ngayon. But in the long term, this BPO industry will be a very limiting industry.

Again, magde-debate tayo sa usapin na assets natin ito. These are our assets. In fact, hindi pa nga natin fully na-u-utilize at nama-maximize ang assets natin in terms of land and agriculture. Again, Mme. Speaker, distinguished Sponsor, is it safe to say na bagama’t—sabihin natin hindi man ako nag-a-agree sa usapin ng panukalang batas na ito, sabihin natin for the sake of argument, agreeing but not conceding to your argument, this Bill will be passed.

Can the distinguished Sponsor categorically and for the record state it clearly here, now, eventually other strategic or iyong mahahalagang usapin na bagama’t the danger of interpreting this to become a public utility will be forthcoming. For example, mass media, ...

REP. YAP (A.). Opo.

REP. CASILAO. ... education. Ang sabi natin ngayon meron namang mga private entities diyan, iyong mga colleges and universities natin na mga private higher education. These are part of the competition, may Ateneo, may La Salle, et cetera.

In terms of mass media, we have giant players and we have minor players. If ever other utilities will be

defined in the future, ano po sa tingin ng ating Sponsor, maliban dito sa tatlong binabanggit, ano po sa tingin ninyo ang puwede pang idagdag dito sa malapit na hinaharap?

REP. YAP (A.). Mme. Speaker, I cannot speculate right now because based on the provisions of the Bill, we have criteria and we have a strict definition and criteria that we are going to allow the Philippine Competition Commission and the NEDA to study and recommend to Congress. When the recommendations will come to the floor of Congress is something we only speculate on, Mme. Speaker. Hindi po natin alam kung kailan, but, hindi po puwede nating pangunahan ang pag-iisip ng mga Kongresista sa panahong talakayin po iyon sa Kongreso.

So, may pangamba po ako, Mme. Speaker, na pangunahan po ang mga Kongresista sa issue po ng public utilities kung me idadagdag pa po tayo.

REP. CASILAO. Thank you, Mme. Speaker, distinguished Sponsor. At the proper time or, should I say, we will be, of course, voting at the proper time and, of course, this Representation will explain the merits and demerits of this proposed Bill. Siguro, alam na ng ating kagalang-galang na Sponsor na the discussion that we had 50 minutes ago will reflect our vote, my vote in the nearest future upon deliberation. Of course, ito lang po ang iiwanan ko bago ako magtapos.

Marami pa po sana akong tanong, Mme. Speaker, line per line doon sa Section 13 (D) (1), (2), (3), but, unfortunately, Mme. Speaker, marami pa pong datos na kailangan nating ipunin para masagot at makuha. Siguro sa isang pagkakataon na ito ay makuha natin sa ating kagalang-galang na Sponsor and that my remaining fellow Makabayan Representatives who will be interpellating in the future would also contribute to questions that I would like to raise and to the answers that I would like to be clearly apprised by our distinguished Sponsor.

Thank you, Mme. Speaker, distinguished Sponsor.

REP. YAP (A.). Thank you, Mme. Speaker. Thank you sa ating kagalang-galang na interpellator.

THE DEPUTY SPEAKER (Rep. Garcia-Albano). The Dep. Majority Leader is recognized.
