HOUSE BILL NO. 2590  

Introduced by: Representative Gil “Kabarangay Jr.” A. Acosta  

EXPLANATORY NOTE  

This bill was filed in the 17th Congress as House Bill No. 4051. This bill seeks to establish an extension or satellite office of the Land Transportation Franchising and Regulatory Board (LTFRB) in Puerto Princesa City, Province of Palawan.  

This proposed measure aims to address the needs of the people of Palawan in relation to all public transport franchising and regulatory related transactions which are presently being provided by the LTFRB Region IV Office in Lipa City, Batangas which is situated far from Puerto Princesa City.  

Over time, Puerto Princesa City, Palawan, is among the key areas and one the fastest growing cities in the Philippines, aside from being a top tourist destination in the country. Puerto Princesa City and the Province of Palawan’s dramatic population growth were brought about by the influx of people from different provinces that chose to establish their residence and start a business in Puerto Princesa City and the Province of Palawan. As Puerto Princesa City continues to exhibit economic and industrial growth, more and more people are attracted to find better opportunities in this booming city.  

The establishment of an extension office of the LTFRB in Puerto Princesa City, Palawan will make it more convenient for the people of Palawan to transact with LTFRB and bring closer to the people the delivery of government services related to public land transportation franchising and regulation.
In view of the foregoing, immediate passage of this bill is earnestly sought.
