SEC. 2. Manner of Operation of Stations or Facilities. – The stations or facilities of the grantee shall be constructed and operated in a manner as will, at most, result only in the
minimum interference on the wavelengths or frequencies of existing stations or other
stations which may be established by law, without in any way diminishing its own right to use
its assigned wavelengths or frequencies and the quality of transmission or reception thereon
as should maximize rendition of the grantees's services or the availability thereof.

SEC. 3. Authority of the National Telecommunications Commission. – The grantee shall
secure from the National Telecommunications Commission (NTC) a Certificate of Public

the construction, operation, maintenance, or service level of the telecommunications systems

in workmanlike manner by said grantee, its successors or assignees, in accordance with the
standards set by the DPWH or the LGU concerned. Should the grantee, its successors or
assignees, after the ten (10) day notice from the said authority, fail, refuse, or neglect to repair
or replace any part of public place, road, highway, street, lane, alley, avenue, sidewalk, or
bridge altered, changed or disturbed by the said grantee, its successors or assignees, then the
DPWH or the LGU concerned shall have the right to have the same repaired and placed in

temporarily take over and operate the stations, transmitters, facilities, or equipment of the
gantee; to temporarily suspend the operation of any station, transmitter, facility, or
equipment in the interest of public safety, security, and public welfare; or to authorize the
temporary use and operation thereof by any agency of the government, upon due
compensation to the grantee for the use of the stations, transmitters, facilities, or equipment
during the period when these shall be so operated.

demand connection of its telecommunications systems to other telecommunications systems
installed, operated, and maintained by any other duly authorized person or entity in the

portability (MNP) and its implementing mechanism, and shall interconnect, directly or
indirectly, with the infrastructure, facilities, systems, or equipment of other
telecommunications franchise grantees. It shall not install network features, functions, or
capabilities that will impede the implementation of a nationwide MNP system. The NTC shall
issue rules and regulations for this purpose, the effectivity of which shall commence upon
applicability with other telecommunications franchise grantees

SEC. 11. **Warranty in Favor of the National and Local Governments.** — The grantee shall
hold the national, provincial, city, and municipal governments of the Philippines free from all
claims, liabilities, accounts, demands, or actions arising out of accidents causing injury to
persons or damage to properties, during the construction or operation of the stations,
transmitters, facilities, or equipment of the grantee.
SEC. 12. Sale, Lease, Transfer, Grant of Usufruct, or Assignment of Franchise. – The
grantee shall not sell, lease, transfer, grant the usufruct of, nor assign this franchise or the
rights and privileges acquired thereunder to any person, firm, company, corporation, or other
commercial or legal entity, nor merge with any other corporation or entity, nor the controlling
interest of the grantee be transferred, simultaneously or contemporaneously, to any person,
firm, company, corporation, or entity without the prior approval of the Congress of the
Philippines. Congress shall be informed of any sale, lease, transfer, grant of usufruct, or
assignment of franchise or the rights and privileges acquired thereunder, or of the merger or
transfer of the controlling interest of the grantee, within sixty (60) days after the completion
of the said transaction. Failure to report to Congress such change of ownership shall render
the franchise ipso facto revoked. Any person or entity to which this franchise is sold,
transferred, or assigned shall be subject to the same conditions, terms, restrictions, and
limitations of this Act.

SEC. 13. Dispersal of Ownership. - In accordance with the constitutional provision to
encourage public participation in public utilities, the grantee shall continue to offer to Filipino
citizens at least thirty percent (30%) of its common stocks, or a higher percentage that may
hereafter be provided by law, in any securities exchange in the Philippines within five (5) years
from the renewal of its franchise: Provided, That in cases where public offer of shares is not
applicable, other methods of encouraging public participation by citizens and corporations
operating public utilities must be implemented. Noncompliance therewith shall render the
franchise ipso facto revoked.

Opportunities. – The grantee shall create employment opportunities as well as accept on-the-
job trainees in their franchise operations: Provided, That priority shall be accorded to the

The annual report shall include an update on the roll-out, development, operation and/or expansion of business; audited financial statements; latest GIS officially submitted to the SEC, if applicable; certification of the NTC on the status of its permits and operations; and an update on the dispersal of ownership undertaking, if applicable.

The reportorial compliance certificate issued by Congress shall be required before any application for permit or certificate is accepted by the NTC.

SEC. 16. Fine. – Failure of the grantee to submit the requisite annual report to Congress shall be penalized with a fine in the amount of One million pesos (P1,000,000.00) per working day of noncompliance, the effectivity of which shall commence upon applicability with other telecommunications franchise grantees: Provided, That in the interim, the grantee shall be liable to pay the fine of Five hundred pesos (P500.00) per working day of noncompliance.
