HOUSE BILL NO. 5027

INTRODUCED BY REPRESENTATIVE ISAGANI S. AMATONG

EXPLANATORY NOTE

No less than the Constitution itself provides that “the State shall protect the rights of subsistence fishermen, especially of local communities, to the preferential use of the communal marine and fishing resources, both inland and offshore.” Furthermore, the State shall “provide support to such fishermen through appropriate technology and research, adequate financial, production and marketing assistance, and other services.”

This bill seeks to establish a fish port in Barangay Gil Sanchez, Municipality of Labason, in the Province of Zamboanga del Norte. Its construction in the said coastal barangay is feasible because of the rich marine resources in the area and that most of its residents are small-time fisher folks who mainly rely on fish and marine resources in and around the area for their livelihood and daily subsistence.

The proposed fish port is not only expected to provide a simplified and organized trading, but will facilitate easy handling of fishery products right from its sources to the middlemen and to the consumers as well. It will also be a place for the fishermen to refuel, resupply, and dry-dock their small fishing vessels.

Thus, this bill will promote the mandate of the Constitution and will provide new economic opportunities for the residents of Barangay Gil Sanchez where, according to the data from the National Statistics Board, 40% of its household has an income below the poverty threshold.

In view of the foregoing, the approval of this bill is earnestly sought.
