Carlos Isagani T. Zarate for his interpellation.

INTERPELLATION OF REPRESENTATIVE ZARATE

Representatives Zarate and Aragonés discussed the establishment of a Filipino Identification System (FilSys) that shall (1) simplify processes in public services, reduce redundancy and delay in government services and transactions, eliminate multiple government identification systems, bring down administrative costs and expenses, and facilitate private transactions; and (2) identify fraudulent transactions and misrepresentations and prevent the use of false or stolen identities while upholding the person's rights to privacy, confidentiality, and access to registered information. They discussed why sensitive personal information such as religious, philosophical or political affiliation was required; and how the integrity of and access to information could be protected.

Representative Zarate particularly stressed his apprehension about the breach of data such as biometrics as what had happened in the Commission on Elections (Comelec); and sought the Sponsor's assurance that this will not happen to the FilSys. Representative Aragonés explained the role of the Department of Information and Communications Technology (DICT) and the National Privacy Commission (NPC) in this regard.

Rep. Arnolfo "Arnie" A. Teves Jr., whom the Chair recognized upon Representative Aragonés' motion, stressed that all kinds of data ran the danger of being hacked and that most of the data being asked under the FilSys were already found in the database of several government agencies.

Representative Zarate then expressed concern about the handling of the FilSys by the US-based Unisys Corporation despite red flags raised by the Commission on Audit on the company's handling of the Philippine civil registry system.

REMINDER FROM THE CHAIR

At this point, the Chair reminded Representative Zarate that he only had 10 minutes left for his interpellation.

INTERPELLATION OF REPRESENTATIVE ZARATE (Continuation)

Representative Zarate said he was also worried about the centralization of data in the FilSys, the use

of said data for surveillance purposes, and denial of one's right to privacy.

In ending his interpellation, Representative Zarate said that the Sponsors should further study the measure as he would stand by his decision to vote against it.

Thereafter, on motion of Representative Roa-Puno, the Chair recognized Rep. Antonio L. Tinio for his interpellation.

INTERPELLATION OF REPRESENTATIVE TINIO

Representatives Tinio and Teves discussed the rationale behind the FilSys, the advantages of a biometric system and use of only one identification (ID) card for transacting business with government agencies, and the feasibility of providing FilIDs to all Filipinos whereas millions still did not have birth certificates. They also debated on the seeming discrimination of the FilSys in terms of the enjoyment of rights guaranteed to each and every Filipino citizen because while the absence of a FilID will not be penalized under the Bill, it will not enable a citizen to transact business with government agencies.

At this point, Deputy Speaker Abu relinquished the Chair to Deputy Speaker Sharon S. Garin.

The Members further discussed the mechanics in the application for a FilID and the information required for the card; the redundancy of the FilID inasmuch as other government agencies had their own biometrics database integrated in their ID system; and the compulsory ID registration required under the Bill.

REMINDER FROM THE CHAIR

At this juncture, the Chair directed the Members to address her before speaking.

INTERPELLATION OF REPRESENTATIVE TINIO (Continuation)

Moreover, Representatives Tinio and Teves debated on the use of the FilSys for any other purpose that the government desired aside from centralizing the different databases spread out among different government agencies.

Representative Tinio and the Sponsor subsequently analyzed the data entries required in the FilSys; and the latter explained the usefulness of some of these data such as in deterring crime and identifying criminals. Nevertheless, the former expressed apprehension about depriving individuals of their right to privacy.

REMINDER FROM THE CHAIR

At this point, Deputy Speaker Garin (S.) reminded Representative Tinio to wind up with his interpellation.

INTERPELLATION OF REPRESENTATIVE TINIO

(Continuation)

After reiterating the arguments he had presented against the Bill including its seeming introduction of a system of internal passports similar to the *cedula* system during the Spanish occupation of the Philippines, Representative Tinio urged his colleagues not to vote for its approval.

On motion of Representative Roa-Puno, the Chair then recognized Representative Aragonés to answer the questions of Rep. France L. Castro.

INTERPELLATION OF REPRESENTATIVE CASTRO (F.L.)

Speaking in Filipino, Representative Castro diverted to the suspension of the national ID system in India in view of the decision of that country's Supreme Court that the system abridged the individual's fundamental right to privacy. She expressed doubt on whether the DICT, the NPC, and the Philippine Statistics Authority (PSA) as repository of all data under the proposed FilSys, could protect said data.

Representatives Castro and Aragonés then discussed the prevention of fraudulent transactions and misrepresentation of data, and the need to regularly update data entries in the FilSys.

At this juncture, Deputy Speaker Garin (S.) relinquished the Chair to Deputy Speaker Romero "Miro" S. Quimbo.

After the Sponsor assured her colleague that the Committee was willing to consider amendments that would improve the Bill including special cases in data updating and gender-sensitive provisions, the Members then examined the objectives of the

FilSys; the cost of FilIDs; and the provision of technical expertise by the DICT to all authorized issuing agencies of the government.

At this juncture, Deputy Speaker Quimbo relinquished the Chair to Deputy Speaker Garin (S.).

Representative Castro then stated her opposition to the Bill based on the issues of invasion of privacy, discrimination, and civil liberties.

SUSPENSION OF CONSIDERATION ON SECOND READING OF HOUSE BILL NO. 6221

On motion of Representative Christopher V.P. de Venecia, there being no objection, the Body suspended the consideration on Second Reading of House Bill No. 6221.

ACKNOWLEDGMENT OF GUESTS

At this point, Representative de Venecia acknowledged the presence in the Session Hall of the guests of Rep. Josephine Ramirez-Sato.

CHANGE OF REFERRAL OF HOUSE BILL NO. 6254

Thereupon, on motion of Representative de Venecia, there being no objection, the Body changed the referral of House Bill No. 6254 – from the Committee on Basic Education and Culture to the Committee on Higher and Technical Education.

RESUMPTION OF CONSIDERATION ON SECOND READING OF HOUSE BILL NO. 6221

On motion of Representative de Venecia, there being no objection, the Body resumed consideration on Second Reading of House Bill No. 6221, as contained in Committee Report No. 360 and reported out by the Committees on Population and Family Relations, and Appropriations, entitled: "AN ACT ESTABLISHING THE FILIPINO IDENTIFICATION SYSTEM."

Thereupon, Representative de Venecia stated that the parliamentary status of the measure was that the Bill was still in the period of sponsorship and debate and on his motion, the Chair recognized Representative Teves to continue with his sponsorship of the Bill and Rep. Sarah Jane I. Elago for her interpellation.

INTERPELLATION OF REPRESENTATIVE ELAGO

Representative Elago and the Sponsor discussed certain examples of sensitive personal information such as one's filiation that is required by the FilSys but might infringe on the privacy of the person and lead to discrimination and embarrassment. The latter said that the phrase "other sensitive personal information not previously specified" will be deleted during the period of amendments.

They also discussed other functional uses of the FilID card that were not enumerated in the Bill; access to FilSys data by the Philippine National Police only upon the presentation of a court order; and the exclusion of individuals including indigenous peoples who did not have birth certificates, from the provision of basic government services. Representative Teves said that in special cases, the government agencies concerned will go to the communities instead of requiring the residents thereof to go to their offices to register under the FilSys.

On motion of Rep. Aurelio "Dong" D. Gonzales Jr., the Chair next recognized Rep. Arlene D. Brosas for her interpellation.

INTERPELLATION OF REPRESENTATIVE BROSAS

In behalf of the marginalized and poor sectors, Representative Brosas debated with Representative Teves on the following issues related to House Bill No. 6221: 1) sufficiency of the ID cards issued under the National Household Targeting System for Poverty Reduction and by other government agencies; 2) problems in data updating and ID replacement among informal settlers; 3) other personal data that would be included in the proposed national ID system as well as methods that would be used aside from the biometric system; 4) the violation of the individual's right to privacy, life, and liberty under the FilSys; and 5) the possible use by banking institutions of FilSys information in order to deprive social program beneficiaries of their benefits.

Representative Brosas thereafter said that House Bill No. 6221 will not cure the basic problems of social service delivery in the country and did not have a penal provision for the unlawful disclosure of personal information. She expressed apprehension that the measure would be used to conduct intensified surveillance and bloody operations against activists and drug addicts as well as ordinary Filipinos.

Thereafter, on motion of Representative Roa-Puno, the Chair recognized Rep. Ariel "Ka Ayik" B. Casilao for his interpellation.

INTERPELLATION OF REPRESENTATIVE CASILAO

Representatives Casilao and Teves talked about the number of Filipinos without birth certificates, the amount of money needed for the implementation of the biometric system, the objective of having only one ID card, the current laws on national identification systems similar to the FilSys, and the technology to be used in FilSys data gathering and processing. The Sponsor assured Representative Casilao that some provisions of the Bill will be deleted.

After questioning the proposed collection of FilSys data by the American-based Unisys Corporation, Representative Casilao subsequently proposed to amend the Bill to prevent individuals from providing sensitive information about themselves; and inquired on the budget for the purchase of an iris scanner technology. The Sponsor affirmed that the Committee will delete the portion on sensitive personal information including religious, philosophical, and political affiliations; current health, education, and genetic records; and offenses committed; and that the proper technology will be provided to the implementing agencies at the national, regional, and provincial levels.

Thereupon, Representative Casilao requested statistics on the coverage of the FilSys; and a provision on government protection against the tampering and breach of data under the same. He expressed disappointment over the government's failure to resolve bureaucratic red tape and expressed fear that the proposed measure was being used as a tool for police, State, and political persecution.

There being no other interpellators, on motion of Representative Roa-Puno, there being no objection, the Body terminated the period of sponsorship and debate on House Bill No. 6221.
