With 135 affirmative votes, eight negative votes, and no abstentions, the Body approved on Third Reading House Bill No. 5828.

EXPLANATIONS OF VOTE

The following Members explained their votes:

1. Speaking in Filipino, Rep. Arlene D. Brosas explained that she was voting against the measure because it would lead to commodity price increase contrary to what its proponents were saying; and because it contradicted the protectionist clause of the Constitution. Speaking on behalf of the Gabriela Women's Party, she stressed that House Bill No. 5828 was anti-poor, anti-women, and anti-citizen.
2. Also speaking in Filipino, Rep. France L. Castro stated that she was against the measure because it was an attempt to circumvent the 1987 Constitution and will lead to public utility deregulation. She added that more competition will not lead to better services; and foreign investment will not lead to economic growth because foreign investors will always protect their interest.

3. Rep. Emmi A. De Jesus initially underscored that the privatization of public utilities will lead to the industry's deregulation and would open an opportunity for the abuse of natural resources and the labor force. Finally, she stated that the answer to the country's economic problem is not foreign investment or ownership but national industrialization.
4. Rep. Edcel C. Lagman expressed his frustration as all of his proposed amendments to the measure were rejected by the Body. He said that the measure was a subtle attempt to allow foreign ownership of public utilities without complying with the citizenship requirement. He added that the Bill deleted from the enumeration of public utilities, traditional and common carriers and telecommunication companies which are presently operating and Filipino-owned. He then cast a negative vote.
5. Rep. Antonio L. Tinio pointed out that the intention of the measure was to go around the prohibition on foreign ownership of public utilities and pave the way for imperialism and a free-market ideology. Speaking in Filipino, he added that there had been unrelenting attempts to remove the nationalistic economic provisions of the Constitution; and the measure was the one that was able to accomplish the same.

He also said that the proposed measure was unconstitutional; and removing telecommunications, water and transportation in the definition of "public utilities" would not protect people's interests and would deprive Filipinos of their rights to basic services.

6. Representative Zarate maintained his "no" vote as he stressed that the removal of telecommunications, water, transportation from the definition of "public utility" would further remove the government's control over them, thus working against the interest of the consumers. He opined that the government should strengthen its control over vital industries considering that they are already monopolies.

REMARKS OF REPRESENTATIVE ATIENZA

Recognized by the Chair, Representative Jose L. Atienza Jr. questioned the Roll Call count. He

said that his counters in the Session Hall had recorded only 139 Members present contrary to 151 as reported by the Secretariat.

REMARKS OF REPRESENTATIVE BONDOC

Even as Representative Juan Pablo “Rimpy” P. Bondoc lauded Representative Atienza's consistency and efforts for maintaining a quorum every session day, the former stated that the House had been performing well especially in terms of attendance. He explained that the Secretariat reported a figure of 151 because although 139 Members were actually present, the 12 Members attending the hearing of the Commission on Appointments are considered present pursuant to Section 71 of the House Rules.

REMARKS OF REPRESENTATIVE ATIENZA

Accepting Representative Bondoc's explanation, Representative Atienza congratulated the House leadership and adhered to his stand for constant vigilance and for following the House Rules.

REMARKS OF REPRESENTATIVE BONDOC

Representative Bondoc said that some Members were also attending the pre-plenary conferences being conducted in various holding rooms of Congress by the Department of National Defense and Department of Transportation, whose budgets will be taken up that day.

APPROVAL ON THIRD READING OF HOUSE BILL NO. 6221

On motion of Representative Bondoc, there being no objection, the Body proceeded to the approval on Third Reading of House Bill No. 6221, printed copies of which were distributed to the Members on September 4, 2017, pursuant to Section 58, Rule X of the Provisional Rules of the House.

Upon direction of the Chair, the Secretary General read the title of the Bill, to wit:

“AN ACT ESTABLISHING THE FILIPINO IDENTIFICATION SYSTEM.”

The Chair then directed the Secretary General to call the Roll for nominal voting. Thereafter, pursuant to the amended Provisional Rules of the House, a second Roll Call was made.

MANIFESTATIONS OF SEVERAL MEMBERS

During the voting, Representatives Brosas, Castro, and De Jesus reserved their right to explain their negative votes.

With 142 affirmative votes, seven negative votes, and no abstentions, the Body approved on Third Reading House Bill No. 6221.

EXPLANATIONS OF VOTE

The following Members explained their votes:

1. Speaking in Filipino, Rep. Arlene D. Brosas said that she was voting against the Bill because it was hard to trust in the government once again in view of the breach of data under the management of the Commission on Elections (Comelec) in 2016. She added that the measure subjects citizens to the exclusion of services if they did not have national identification cards. To conclude, she stressed that she will not agree to ignore the right to privacy and right to life and liberty.
 2. Rep. Ariel “Ka Ayik” B. Casilao voted “No” for the following reasons: the government seems to establish a police State in the guise of convenience, redundancy or ease in access of public services; the intention and objective of the Bill was to create a system of mass surveillance; red tape and corruption will continue to exist in a national identification system; the system will be administered by foreign corporations using Filipino technology and local taxes; the personal information gathered in the database might put persons at risk; and existing identification cards (IDs) containing basic information could just be centralized.
 3. As she voted “No” to House Bill No. 6221, Rep. France L. Castro explained that the national ID system was a violation of the people’s right to privacy which includes the right to be left alone and to control one’s information. Speaking in Filipino, she added that it would not reduce the delay in government services. It is not an economic and social tool towards the attainment of a progressive society, she stressed.
 4. Speaking in Filipino, Rep. Emmi A. De Jesus voted in the negative. She pointed out that the national ID system would not expedite and improve the experience of Filipinos with the government’s social services but rather complicate the process thereon.
 5. Speaking in Filipino, Rep. Antonio L. Tinio explained his negative vote by saying that the national ID system is an encroachment to the right to privacy since the State would get all information from an individual including his biometrics, genetic information, medical records, and political affiliations. He also expressed his aversion to the same because a non-ID holder cannot avail of public services as was the right of all Filipinos.
 6. In explaining his negative vote, Rep. Carlos Isagani T. Zarate maintained that the measure violates the constitutional right to privacy and safety. He expressed doubt on the professed reason behind the national ID system, which is to make government transactions more convenient and easier. He said that the risk of hacking is too much when citizens’ records are placed in one central database. He also said that the system would not prevent terrorism; could monitor the movement of citizens and subject them to perpetual surveillance; and would foster a new form of discrimination and even harassment.
 7. Rep. Sarah Jane I. Elago underscored that the national ID system is an unwarranted invasion of a person’s privacy and becomes a useful instrument for political persecution, even as she recognized the need to streamline, organize, and systematize government service.
- Voting in the negative, she opined that personal information that was found in current government-issued IDs was sufficient enough. She said that instead of looking into costly and superficial solutions to improve public service delivery, the government should address graft, red tape, and corruption.

She added that it would create discrimination and restrict the right of those who would criticize the government inasmuch as race or ethnic origin, religious, and philosophical or political affiliations were included in the database. It will infringe on the right to privacy, she also said, and could mean intensified surveillance and State profiling and lead to more killings in the hands of a regime that heavily relies on dictatorial and fascist methods.

Focusing on the Citizen Armed Forces Geographical Units (CAFGUs), Representatives Zarate and Biazon exchanged views regarding their demobilization, recruitment process, and alleged human rights violations. They also discussed the action that the Armed Forces of the Philippines (AFP) will take against CAFGUs who have committed crimes such as murder; and the total budget needed to sustain the CAFGU program up to 2028.

Thereupon, they discussed the number of internal security programs that had already been launched and the funds expended for the same. They also analyzed the continued failure in solving the five-decade long insurgency problem that could not be addressed by mere military solution because it involves the people's hearts and minds.

Representative Zarate then inquired on the money spent for strengthening the country's external capabilities and internal operations, and whether the amount would be sufficient to counter threats by other nations; the DND's stand in countering China's aggressive activities in the West Philippine Sea; and the allocation of a counterpart fund in line with the Enhanced Defense Cooperation Agreement (EDCA).

INTERPELLATION OF REPRESENTATIVE LAGMAN

Recognized by the Chair upon motion of Rep. Ron P. Salo, Representative Lagman focused on the amount spent by the DND to sustain its military and allied operations in general and in Marawi City in particular.

At this point, the Sponsor took note of Representative Lagman's request for data on the amount spent for the military campaign against (1) the Hukbong Bayan Laban sa Hapon (Hukbalahap) and (2) Muslim separatists before May 23, 2017; and asked for time to research thereon.

Thereafter, the Members discussed how the Marawi fund was sourced and how it could have been used to address the basic needs of other beneficiaries, as well as the additional funds needed to augment it; the over-budget allocation for the defense and military establishments; the amount taken from the President's contingency funds for the Marawi war; and the damage inflicted to Marawi City and its environs.

Subsequently, Representative Lagman inquired on the effects of the declaration of martial law in Mindanao; the budget needed to rehabilitate Marawi City and if it was included in the 2018 General Appropriations Bill (GAB); and the policy of “destroy first and rehabilitate later.”

He also discussed with the Sponsor the budget of the National Disaster Risk Reduction and Management Council (NDRRMC) for the province of Catanduanes and the First District of Albay; and the Calamity Fund which was already depleted in the middle of the fiscal year. Representative Biazon stated that he would direct the DND to submit a report thereon.

On Representative Salo's motion, the Chair recognized Rep. Brosas to interpellate the Sponsor.

INTERPELLATION OF REPRESENTATIVE BROSAS

As regards the EDCA, she asked on the location of EDCA facilities to be constructed; the EDCA counterpart fund's legal basis and activities and programs, and the rechanneling of the same to other government projects. The Sponsor committed to submit a breakdown of the said fund.

She further asked on the involvement of the AFP engineering brigades in the "Build, Build, Build" program of the Duterte Administration especially in conflict and remote areas; and expressed concern about the militarization of communities that might result therefrom.

On motion of Representative Jose Enrique "Joet" S. Garcia II, the Chair recognized Minority Leader Suarez for his interpellation.

INTERPELLATION OF MINORITY LEADER SUAREZ

Minority Leader Suarez first asked why the DND did not fully utilize its budget from 2013 up to 2016.

Then adverting to the war in Marawi, he sought information on the number of rebels in the country; failed airstrikes; failed intelligence; sufficiency of military supplies; implementation of the AFP Modernization Law; and the facilitation of the procurement process. Representative Biazon stated that the DND Secretary will study the Minority Leader's suggestion to adopt the Marcos Administration's "red tag" system of procuring supplies.

Minority Leader Suarez inquired about the development of Benham Rise, the status of aircraft and seacraft including donations from other countries, and joint military assistance.

Then ending his interpellation, the Minority Leader cited his bill extending the retirement age of military personnel and the length of military service. The Sponsor relayed the AFP's comment that such an extension would mean more mature leadership.

The session resumed at 7:19 p.m.

Thereafter, on motion of Representative Garcia (J.E.), the Chair recognized Representative Tinio to interpellate Representative Biazon.

INTERPELLATION OF REPRESENTATIVE TINIO

Representative Tinio focused on the role of the AFP in the Marawi siege and discussed the following issues with the Sponsor: the status of the war, the number of barangays which were not yet under military control, the number of enemy combatants, the operation of government offices and business establishments, and the time frame for the AFP to resolve the situation. He expressed concern about the use of air strikes and the resulting displacement of the people of Marawi.

Subsequently, Representatives Tinio and Biazon debated on the government's use of a military rather than a political solution in dealing with terrorists; and the additional funds being sought by the DND for the Marawi war which could instead be used for other programs and sectors.

As regards the situation in the West Philippine Sea, Representative Tinio subsequently sought clarification on the alleged presence of Chinese navy and fishing vessels and occupation of sand bars.

As regards AFP pensions, he asked about funds for the same; monitoring systems; and problems such as stale checks and overpayment of checks.

Representative Casilao's initial questions were on the allotments for human rights education, protection, and information dissemination; the structure of the AFP's human rights office; and human rights training programs or materials for dissemination to members of the AFP. Representative Biazon said that the AFP will give his colleague a report on the specific expenditures made for the promotion of human rights.

Representative Casilao's next questions were about OPLAN Kapayapaan, extrajudicial killings involving leaders of progressive peasant organizations, and information-gathering about lumads and farmers. Representative Biazon said that the AFP commits to investigate the same and he will act on the pertinent data submitted by his colleague.

On the war on drugs, Representative Casilao then sought information about the memorandum of agreement between the AFP and Philippine Drug Enforcement Agency (PDEA) for the exchange and sharing of information. The Sponsor promised to give his colleague a copy thereof; and relayed the AFP Chief of Staff's assurance that the memorandum will be reviewed and applied only in areas where the State's enemies were stronger than the PDEA, and will not be abused.

At this point, Representative Casilao sought clarification on reports that women and children were also engaged in combat against government troops.

At this juncture, Deputy Speaker Abu relinquished the Chair to Rep. Roger G. Mercado.

He also asked on the AFP's policy on the activities of paramilitary groups that were helpful in the government's counterinsurgency operations.

Whereupon, Representative Mercado subsequently relinquished the Chair to Deputy Speaker Abu.

Representative Casilao then said that at the proper time, he will propose the rechanneling of the budget for the CAFGU to human rights education in the AFP.

On motion of Representative Defensor, the Chair recognized Rep. Gary C. Alejano for his manifestation.
