**UNFINISHED BUSINESS:  
COMMITTEE REPORT NO. 262  
ON HOUSE BILL NO. 5745**

Thereupon, on motion of Representative Mercado, there being no objection, the Body resumed consideration on Second Reading of House Bill No. 5745 as embodied in Committee Report No. 262 and reported out by the Committees on Agriculture and Food, and Appropriations.

Upon direction of the Chair, the Secretary General read the title of the Bill, to wit:

“AN ACT ESTABLISHING THE COCONUT FARMERS AND INDUSTRY DEVELOPMENT TRUST FUND AND PROVIDING FOR ITS MANAGEMENT AND UTILIZATION.”

Thereafter, on motion of Representative Mercado, the Chair recognized Rep. Jose T. Panganiban Jr., CPA, LLB, Chairperson of the Committee on Agriculture and Food to sponsor the measure, and Rep. Edcel C. Lagman for his interpellation.

**INTERPELLATION OF  
REPRESENTATIVE LAGMAN**

Representative Lagman asked about his previous request for data on the appropriations given to the Philippine Coconut Authority (PCA) since its inception, to which Representative Panganiban replied that he had not yet received the same. The former thus requested the suspension of his interpellation as he stressed that the data would show that the government had been appropriating billions of pesos for the development of the coconut industry for the longest time.

**SUSPENSION OF SESSION**

The session was suspended at 4:20 p.m., upon motion of Representative Mercado.

**RESUMPTION OF SESSION**

At 4:21 p.m., the session resumed.

**SUSPENSION OF CONSIDERATION  
ON SECOND READING  
OF HOUSE BILL NO. 5745**

Thereupon, on motion of Representative Mercado, there being no objection, the Body suspended the consideration on Second Reading of House Bill No. 5745.

**ACKNOWLEDGMENT OF GUESTS**

Rep. Oscar “Richard” S. Garin Jr. acknowledged the presence in the Session Hall of guests of Reps. Jeffrey D. Khonghun, Romero “Miro” S. Quimbo, Mario Vittorio “Marvey” A. Mariño, Sabiniano S. Canama, Kaka J. Bag-ao, Leopoldo N. Bataoil, and Rose Marie “Baby” J. Arenas.

**SUSPENSION OF SESSION**

On motion of Representative Garin (R.), the session was suspended at 4:29 p.m.

**RESUMPTION OF SESSION**

The session resumed at 4:31 p.m.

**RESUMPTION OF CONSIDERATION  
ON SECOND READING  
OF HOUSE BILL NO. 5745**

Thereupon, on motion of Representative Mercado, there being no objection, the Body resumed consideration on Second Reading of House Bill No. 5745, as contained in Committee Report No. 262 and reported out by the Committees on Agriculture and Food, and Appropriations, entitled:

“AN ACT ESTABLISHING THE COCONUT FARMERS AND INDUSTRY DEVELOPMENT TRUST FUND AND PROVIDING FOR ITS MANAGEMENT AND UTILIZATION.”

On motion of Representative Mercado, the Chair recognized Representatives Panganiban and Lagman anew to continue their debate on said Bill.

**INTERPELLATION OF  
REPRESENTATIVE LAGMAN  
(Continuation)**

In response to Representative Lagman’s previous query on all public funds appropriated to the PCA and pre-PCA offices and corporations, Representative Panganiban said that what was submitted was only the data on PCA appropriations from 1973 up to the present except for the years 1973, 1981, 1984, and 1988. He said that he will obtain a certification signed by the PCA administrator on the non-availability of the data requested by his colleague.

Representative Lagman subsequently adverted to the transcripts on the Sponsor’s statement in his previous interpellation that a coconut farmers organization wanted to use 100 percent of the coconut trust fund to develop the coconut industry. Representative Panganiban however clarified that what he meant was that some farmers groups wanted the fund to be fully utilized; and committed to comply with his colleague’s request for copies of the position papers that farmers organizations had submitted to the Committee.

After the two Members discussed the status of the Senate counterpart of the bill and the features of similar bills filed in past Congresses, they focused on the role of the United Coconut Planters Bank (UCPB). Representative Panganiban said that it could be appointed as an alternative depository bank for the trust fund; while Representative Lagman stressed his oppo-

sition thereto because the UCPB was privy to the errant utilization of the coconut levy funds; and said that he will propose the pertinent amendment at the proper time.

Representative Lagman then asked who had conceptualized the term, “jumpstart fund,” as he stressed that the development of the coconut industry had jumpstarted 77 years earlier with the allocation of billions of funds for the same. The Sponsor explained that the jumpstart fund will rehabilitate the dismal state of the coconut industry within two years after the President’s approval of the Coconut Farmers and Industry Development Plan (CFIDP).

At this point, Representative Lagman requested the suspension of his interpellation while awaiting the documents he had requested.

**SUSPENSION OF CONSIDERATION  
ON SECOND READING  
OF HOUSE BILL NO. 5745**

On motion of Representative Mercado, there being no objection, the Body suspended the consideration on Second Reading of House Bill No. 5745.

**BUSINESS FOR THE DAY:  
COMMITTEE REPORT NO. 295  
ON HOUSE BILL NO. 5828**

On motion of Representative Mercado, there being no objection, the Body considered on Second Reading House Bill No. 5828, as contained in Committee Report No. 295 and reported out by the Committee on Economic Affairs.

Upon direction of the Chair, the Secretary General read the title of the Bill, to wit:

“AN ACT PROVIDING FOR THE DEFINITION OF PUBLIC UTILITY, FURTHER AMENDING FOR THE PURPOSE COMMONWEALTH ACT NO. 146, OTHERWISE KNOWN AS THE 'PUBLIC SERVICE ACT,' AS AMENDED.”

As copies of the Bill had been distributed to the Members, on motion of Representative Mercado, there being no objection, the Body dispensed with the reading of the text of the measure without prejudice to its insertion into the Record of the House.

Subsequently, on motion of Representative Mercado, the Chair recognized Rep. Arthur C. Yap, Chairperson of the Committee on Economic Affairs, to sponsor the measure.

## SPONSORSHIP REMARKS OF REPRESENTATIVE YAP (A.)

Representative Yap explained that Commonwealth Act (C.A.) No. 146 was promulgated 81 years ago when the country's population was merely 15 million, to define by enumeration the coverage of the concept of "public service." He said that unfortunately, there has been no proper definition of the phrases "public services" and "public utilities" in the said law, for which reason House Bill No. 5828 was crafted. He stressed that the distinctions were not merely academic because using them interchangeably will put certain services within the ambit of constitutional prohibition.

He thereafter manifested that the Explanatory Note of the measure be entered into the Record as his sponsorship speech thereon.

On motion of Representative Mercado, the Chair recognized Rep. Antonio L. Tinio for his interpellation.

## INTERPELLATION OF REPRESENTATIVE TINIO

To Rep. Antonio L. Tinio's initial queries on the reasons for amending the definition of the term "public services," the Sponsor reiterated that C.A. No. 146 had failed to provide a clear definition thereof and merely enumerated the businesses under its coverage. He explained that because the terms "public services" and "public utilities" had been used interchangeably, businesses branded as public utilities were covered under the constitutional prohibition against foreign ownership of more than 60 percent of a business. This impeded the entry of foreign investments and more industry players, he concluded.

Representative Tinio then opined that the Bill was filed to benefit foreign investors and to amend the protectionist and nationalist provisions of the Constitution, as had been attempted by various administrations. His colleague clarified that it merely intended to upgrade basic services through competitive practices and to regulate public utilities in order to protect public interest; but he countered that experience had shown that the deregulation of other sectors such as telecommunications did not result in better services.

Representative Tinio then enumerated certain provisions of the Constitution that implied that public utilities should be 60%-owned by Filipinos and serve public interest, national security, and the interest of

certain constitutional bodies; and stressed that transportation should be included in the Bill's category of public utilities. For his part, Representative Yap said that the government should continue improving the different industries and cited the Bill's definition and criteria of public utilities based on Philippine jurisprudence on local and not international ideas and concepts.

Subsequently, Representative Tinio also observed that the Bill considered electricity distribution, electricity transmission, and water/sewerage pipeline distribution as the only three public utilities in the country. He argued for the inclusion of transportation in the coverage of the Bill as he cited the Constitution anew; while his colleague explained that the National Economic and Development Authority (NEDA), in consultation with the Philippine Competition Commission, will recommend what could be considered as public utilities.

Asking why the Bill did not also cover telecommunications companies, Representative Tinio likewise cited local jurisprudence which ruled that the determination of public utilities was not legislation but actual facts. He rebutted that the law should be in accordance with the Constitution and existing laws when the Sponsor said that there was no perfect law.

To Representative Tinio's succeeding questions, the Sponsor affirmed that water/sewerage pipeline distribution systems referred to water utilities such as Manila Water Company, Inc. He said the Bill will update the provisions of the existing law on the scope, powers, and functions of the administrative agencies – some of which he mentioned -- that had been regulating public utilities.

*At this juncture, Deputy Speaker Garcia-Albano relinquished the Chair to Rep. Arthur R. Defensor Jr.*

Representative Tinio thereafter posed questions on the seeming institutionalization of deregulation as regards rate setting among transportation and telecommunications facilities.

*At this juncture, Representative Defensor relinquished the Chair to Deputy Speaker Garcia-Albano.*

Representative Yap (A.) allayed the fears of his colleague by stressing that the measure will not allow public interest to take a back seat and will not remove the prerogatives of Congress nor the regulation of public utilities. He said that it will instead set guidelines and criteria where there was confusion. In particular,

he said that public utility vehicles and common carriers were still part of public services that would be regulated by the State.

On his colleague's request for clarification on the treatment of the income tax as a cash outflow for rate-determination purposes, Representative Yap said that this will enable public utilities to get a fair rate of return. He explained that the Bill provided for the deduction of the income tax as an expense, so as to lower the net taxable income and to prevent the same from being bundled up with other operating expenses that could be passed on to the consumers. He welcomed Representative Tinio's amendment to perfect the provision thereon.

Then ending his interpellation, Representative Tinio stressed that the national economy should be promoted and supported because the primordial objective of the law should be to protect the interest of the Filipinos.
