

S. No. 2400  
H. No. 4633

Republic of the Philippines  
**Congress of the Philippines**  
Metro Manila  
Sixteenth Congress  
Second Regular Session

Begun and held in Metro Manila, on Monday, the twenty-eighth day  
of July, two thousand fourteen.

[REPUBLIC ACT NO. **10659**]

AN ACT PROMOTING AND SUPPORTING THE  
COMPETITIVENESS OF THE SUGARCANE INDUSTRY  
AND FOR OTHER PURPOSES

*Be it enacted by the Senate and House of Representatives of  
the Philippines in Congress assembled:*

SECTION 1. *Short Title.* – This Act shall be known as  
the “Sugarcane Industry Development Act of 2015”.

SEC. 2. *Declaration of Policy.* – It is hereby declared the  
policy of the State to promote the competitiveness of the  
sugarcane industry and maximize the utilization of sugarcane  
resources, and improve the incomes of farmers and farm  
workers, through improved productivity, product diversification,  
job generation, and increased efficiency of sugar mills.

For these purposes, the State shall: (a) establish productivity improvement programs; (b) provide the needed infrastructure support; (c) enhance research and development of other products derived from sugar, sugarcane, and their by-products; (d) provide human resource development and extension services; and (e) provide financial assistance to small farmers.

**SEC. 3. *Productivity Improvement Programs.*** – To boost the production of sugarcane and sugar, and increase the incomes of sugarcane farmers/planters and farm workers, the following Productivity Improvement Programs shall be implemented:

(a) **Block Farm Program.** – The Block Farm Program for sugarcane farming being implemented by the Sugar Regulatory Administration (SRA), the Department of Agriculture (DA), the Department of Agrarian Reform (DAR), and other government agencies is hereby institutionalized and shall be further enhanced and supported.

For purposes of this Act, the Program is the consolidation of small farms including farms of agrarian reform beneficiaries, as one larger farm, with a minimum area of thirty (30) hectares within a two-kilometer radius, to take advantage of the economies of scale in the production of sugarcane, such that the activities in the small farms are aligned and implemented to ensure the efficient use of farm machineries and equipment, deployment of workers, volume purchase of inputs, financing, and other operational advantages, as well as recognition by sugar mills, government financial institutions, private investors, but the ownership of each small farm remains with the landowners.

The SRA, the DA, the DAR and other concerned government agencies shall provide common service facilities, such as farm machineries and implements, grants or start-up funding for the needed production inputs, technology adoption, livelihood and skills training and other development activities for the block farm and its members, and other support activities that may be identified.

To ensure the success of, and compliance to the objectives of the Program, the SRA shall:

(1) Develop guidelines for sugarcane farms to qualify for and continue to participate in the Program;

(2) Provide farm management, technical assistance, and professional services support to block farms, in coordination with the DA, the DAR and other concerned government agencies;

(3) Monitor the development and productivity of block farms;

(4) Recommend, after six (6) years, the cessation of the Program on block farms that have failed to improve productivity or raise efficiency, or graduation of block farms that have achieved high and sustainable productivity and profitability on its operations; and

(5) Implement a certification system as a mechanism to access grants, low interest financing, and other incentives and support from Official Development Assistance (ODA); and market access of sugarcane: *Provided*, That sugar mills, bioethanol distilleries and other markets of sugarcane shall provide market access priority to the SRA-certified block farms.

(b) Farm Support Program. – For other farms that are not eligible under the Block Farm Program, the SRA shall make available a support program which shall include, among others, the provision of (1) socialized credit; and (2) farm management, technical assistance; and professional services:

(i) Socialized credit shall be made available, through the Land Bank of the Philippines (LBP), for the acquisition of production inputs, farm machineries, and implements necessary for the continuous production of sugarcane: *Provided*, That the loans shall be available to sugarcane farmers duly registered with the SRA: *Provided, further*, That the lender shall have a lien on the quedan of farmers who obtained a crop loan until the crop loan is fully paid: *Provided, finally*, That farmers cannot be granted another loan until the loan is fully paid.

To ensure immediate payment of farmers and secure their income from sugarcane, farmers may enter into any payment method with the sugar mills or distilleries for their sugarcane.

(ii) Farm Management, Technical Assistance and Professional Services –The SRA, the DA, the DAR, the Department of Labor and Employment (DOLE), the Technical Education and Skills Development Authority (TESDA), state universities and colleges (SUCs), and other concerned private and nongovernment organizations (NGOs) shall formulate and implement a deployment program of agricultural engineers, agriculturists and farm technicians for the provision of farm management, technical assistance and professional services to these farms.

(c) Farm Mechanization Program. – Planters/farmers of sugarcane farms, including block farms and farms of agrarian reform beneficiaries, shall be encouraged and trained to utilize appropriate agricultural machineries and equipment necessary for the efficient planting, cultivation, care and maintenance, harvesting and handling of sugarcane.

The SRA, the DA and the DAR, in partnership with local government units (LGUs), consistent with the provisions of Republic Act No. 10601, otherwise known as the "Agricultural and Fisheries Mechanization (AFMech) Law", shall:

(1) Introduce or expand the use of machineries for the different stages of sugarcane farming;

(2) Formulate and implement a Sugarcane Farm Mechanization Program at the mill district levels and block farms; and

(3) Support the establishment, operation and maintenance of Agri-fisheries Machinery and Equipment Service Centers, as provided in Section 9 of Republic Act No. 10601, in sugarcane areas and, for this purpose, provide socialized credit to service centers: *Provided*, That these service centers shall emphasize the provision of plowing, harrowing, weeding, fertilization, harvesting and other farm mechanization services to sugarcane farms that do not have the capability to purchase or maintain their own machineries and equipment.

To develop and deploy appropriate machineries and equipment, the SRA, through its research centers, in collaboration with the Philippine Sugar Research Institute, the Philippine Center for Post-Harvest Development and

Mechanization, the Bureau of Agricultural Research, SUCs, other concerned government agencies, and industry stakeholders, shall formulate and conduct a research, development and extension program for sugarcane farm mechanization and engineering.

The LBP shall manage the socialized credit facility under the Farm Support Program and the Farm Mechanization Program.

The SRA, the DA, the DAR, and the LBP shall issue the guidelines on the administration and lending of the socialized credit facility.

*SEC. 4. Research and Development.* – The SRA, in coordination with the Department of Science and Technology (DOST), as well as relevant state universities and government research and development institutions and the private sector, shall intensify researches on sugarcane high yielding or flood resistant varieties; pest control and prevention; latest farming, milling, refining and biomass co-generation technologies; soil analysis and fertility mapping of sugarcane areas; weather monitoring and climate change adaptation measures; sugar and sweetener consumption; and other viable products that can be derived from sugarcane. The DA and the DOST shall likewise provide assistance to the SRA to improve the latter's crop forecasting and crop monitoring activities or programs.

*SEC. 5. Extension Services.* – In addition to extension services provided by the DA, the DAR, the SUCs and private and NGOs, extension services in sugar districts shall be provided by the SRA and the mill district development councils (MDDCs). Extension services that can be provided shall include, but not limited to, provision of technical assistance and advice, conduct of tests, propagation, and dissemination of high yielding varieties, and operation of demonstration farms.

For its extension services, MDDCs may develop linkages with NGOs, peoples' organizations, and LGUs. It may likewise secure funding for its extension services from private sector sources.

**SEC. 6. *Human Resources Development.*** – All stakeholders in the sugarcane industry shall contribute to the development of a sustainable human resource for the industry. Towards this end, the DOLE, in collaboration with the SRA, the Commission on Higher Education, the TESDA, the Professional Regulation Commission (PRC) and the private sector, shall formulate and implement a Human Resources Development (HRD) Master Plan for the sugarcane industry which shall include, but not limited to, the following:

(a) Capacity building, skills trainings, institutional strengthening of the sugarcane industry workers, small farmers and agrarian reform beneficiaries and their organizations to actively contribute in productivity and competitiveness;

(b) Scholarship program for the underprivileged but deserving college and post graduate students who are taking up courses in relevant fields of discipline in SUCs which have programs in agriculture, agricultural engineering and mechanics, and chemical engineering/sugar technology; and for vocational courses and skills development for farmers and farm technicians, and skilled workers in sugar mills, sugar refineries, distilleries and biomass power plants;

(c) Conduct of capability training or attendance to local or international trainings and seminars by farmers, mill, refinery, distilleries and biomass power plant technicians, including the SRA technical personnel on the latest technologies related to sugarcane farming, manufacture or production of sugar and other products derived from sugarcane;

(d) Formulation and implementation of competency standards and training regulations for technical vocational education and training for the sugarcane industry by the TESDA; and

(e) Upgrading of facilities, faculty development and strengthening of the on-the-job training program of agri-based higher education institutions in sugarcane areas towards the production of highly employable and globally competitive graduates needed by the sugarcane industry.

**SEC. 7. *Infrastructure Support.*** – To facilitate the transport of sugarcane to mills and distilleries, enhance the
