services such as the transmission of voice, data, facsimile, control
signs, audio and video, information services and all other
telecommunications system technologies, as are at present available
or will be made available through technological advances or
innovations in the future; or construct, acquire, lease, and operate, or
manage transmitting and receiving stations, lines, cables, or systems
as are convenient or essential to efficiently carry out the purpose of
this franchise, is hereby renewed for another twenty-five (25) years
from the effectivity of this Act.

SEC. 2. Manner of Operation of Stations or Facilities. — The
stations or facilities of the grantee shall be constructed and operated
in a manner as will, at most, result only in the minimum interference
on the wavelengths or frequencies of existing stations or other
stations which may be established by law, without in any way
diminishing its own right to use its assigned wavelengths or
frequencies and the quality of transmission or reception thereon as
should maximize rendition of the grantee’s services or the availability
thereof.

SEC. 3. Authority of the National Telecommunications
Commission. — The grantee shall secure from the National
Telecommunications Commission (NTC) a certificate of public
convenience and necessity or the appropriate permits and licenses for
the construction, installation and operation of its telecommunications
systems or facilities. In issuing the certificate, the NTC shall have
the power to regulate and impose such conditions relative to the
construction, operation, maintenance, or service level of the
telecommunications systems or facilities. Such certificate shall state
the areas covered and the date the grantee shall commence the
service. The grantee shall not use any frequency in the radio
spectrum without authorization from the NTC. The NTC, however, shall not unreasonably withhold or delay the grant of such authority, permit or license.

SEC. 4. Excavation and Restoration Works. — For the purpose of erecting and maintaining poles or other supports for said wires or other conductors for the purpose of laying and maintaining underground wires, cables, or other conductors, it shall be lawful for the grantee, its successors or assignees, with the prior approval of the Department of Public Works and Highways (DPWH) or the local government unit (LGU) concerned, as may be appropriate, to make excavations or lay conduits in any of the public places, roads, highways, streets, lanes, alleys, avenues, sidewalks, or bridges of the province, cities, or municipalities: Provided, however, That a public place, road, highway, street, lane, alley, avenue, sidewalk, or bridge disturbed, altered, or changed by reason of erection of poles or other supports or the underground laying of wires, other conductors or conduits, shall be repaired and replaced in workmanlike manner by said grantee, its successors or assignees, in accordance with the standards set by the DPWH or the LGU concerned. Should the grantee, its successors or assignees, after the ten (10)-day notice from the said authority, fail, refuse, or neglect to repair or replace any part of public place, road, highway, street, lane, alley, avenue, sidewalk, or bridge altered, changed or disturbed by the said grantee, its successors or assignees, then the DPWH or the LGU concerned shall have the right to have the same repaired and placed in good order and condition, and charge the grantee, its successors or assignees, at double the amount of the costs and expenses for such repair or replacement.

SEC. 5. Responsibility to the Public. — The grantee shall conform to the ethics of honest enterprise and not use its stations or facilities for obscene or indecent transmission, or for dissemination of deliberately false information, or willful misrepresentation, or assist in subversive or treasonable acts.

The grantee shall operate and maintain all its stations, lines, cables, systems, and equipment for the transmission and reception of messages, signals, and pulses in a satisfactory manner at all times, and as far as economical and practicable, modify, improve, or change such stations, lines, cables, systems, and equipment to keep abreast with the advances in science and technology.

The grantee shall improve and extend its services in areas not yet served, and in hazard- and typhoon-prone areas that shall be determined by the National Disaster Risk Reduction and Management Council, or its legal successor, in coordination with the NTC.

The grantee shall also improve and upgrade its equipment, facilities and services, in order to ensure effective compliance with the objectives of Republic Act No. 10639, or “The Free Mobile Disaster Alerts Act”.

SEC. 6. Rates for Services. — The charges and rates for telecommunications services of the grantee, except the rates and charges on those that may hereafter be declared or considered as nonregulated services, whether flat rates or measured rates or variation thereof, shall be subject to the approval of the NTC or its legal successor.

SEC. 7. Right of the Government. — The radio spectrum is a finite resource that is part of the national patrimony and the use
thereof is a privilege conferred upon the grantee by the State and may be withdrawn any time after due process.

A special right is hereby reserved to the President of the Philippines, in times of war, rebellion, public peril, calamity, emergency, disaster, or disturbance of peace and order: to temporarily take over and operate the stations, transmitters, facilities, or equipment of the grantee; to temporarily suspend the operation of any station, transmitter, facility, or equipment in the interest of public safety, security, and public welfare; or to authorize the temporary use and operation thereof by any agency of the government, upon due compensation to the grantee, for the use of the stations, transmitters, facilities, or equipment during the period when these shall be so operated.

SEC. 8. Term of Franchise. – This franchise shall be extended and in effect for a period of twenty-five (25) years from the date of the effective date of this Act, unless sooner revoked or cancelled. This franchise shall be deemed ipso facto revoked in the event the grantee fails to operate continuously for two (2) years.

SEC. 9. Right of Interconnection. – The grantee is hereby authorized to connect or demand connection of its telecommunications systems to other telecommunications systems installed, operated, and maintained by any other duly authorized person or entity in the Philippines for the purpose of providing extended and improved telecommunications services to the public, under the terms and conditions mutually agreed upon by the parties concerned. This right shall be subject to review and modification by the NTC.

SEC. 10. Mobile Number Portability. – The grantee shall provide mobile number portability (MNP) and its implementing mechanism, and shall interconnect, directly or indirectly, with the infrastructure, facilities, systems, or equipment of other telecommunications franchisees. It shall not install network features, functions, or capabilities that will impede the implementation of a nationwide MNP system. The NTC shall issue rules and regulations for this purpose, the effectiveness of which shall commence upon applicability with other telecommunications franchisees.

SEC. 11. Warranty in Favor of the National and Local Governments. – The grantee shall hold the national, provincial, city, and municipal governments of the Philippines free from all claims, liabilities, accounts, demands, or actions arising out of accidents causing injury to persons or damage to properties, during the construction or operation of the stations, transmitters, facilities, or equipment of the grantee.

SEC. 12. Sale, Lease, Transfer, Grant of Usufruct, or Assignment of Franchise. – The grantee shall not sell, lease, transfer, grant the usufruct of, nor assign this franchise or the rights and privileges acquired thereunder to any person, firm, company, corporation, or other commercial or legal entity, nor merge with any other corporation or entity, nor the controlling interest of the grantee be transferred, simultaneously or contemporaneously, to any person, firm, company, corporation, or entity without the prior approval of the Congress of the Philippines. Congress shall be informed of any sale, lease, transfer, grant of usufruct, or assignment of franchise or the rights and privileges acquired thereunder, or of the merger or transfer of the controlling interest of the grantee, within sixty (60) days after the completion of the said transaction. Failure to report to Congress such change of ownership shall render the franchise ipso
facto revoked. Any person or entity to which this franchise is sold, transferred, or assigned shall be subject to the same conditions, terms, restrictions, and limitations of this Act.

SEC. 13. Dispersal of Ownership. — In accordance with the constitutional provision to encourage public participation in public utilities, the grantee shall continue to offer to Filipino citizens at least thirty percent (30%) of its common stocks, or a higher percentage that may hereafter be provided by law, in any securities exchange in the Philippines within five (5) years from the renewal of its franchise: Provided, That in cases where public offer of shares is not applicable, other methods of encouraging public participation by citizens and corporations operating public utilities must be implemented. Noncompliance therewith shall render the franchise ipso facto revoked.

SEC. 14. Commitment to Provide and Promote the Creation of Employment Opportunities. — The grantee shall create employment opportunities as well as accept on-the-job trainees in their franchise operations: Provided, That priority shall be accorded to the residents of the place where the principal office of the grantee is located: Provided, further, That the grantee shall comply with the applicable labor standards and allowance entitlement under existing labor laws, rules and regulations and similar issuances: Provided, finally, That the employment opportunities or jobs created shall be reflected in the General Information Sheet (GIS) to be submitted to the Securities and Exchange Commission (SEC) annually.

SEC. 15. Reportorial Requirement. — The grantee shall submit an annual report on its compliance with the terms and conditions of the franchise and on its operations to the Congress of the Philippines, through the Committee on Legislative Franchises of the House of Representatives and the Committee on Public Services of the Senate, on or before April 30 of every year during the term of its franchise.

The annual report shall include an update on the roll-out, development, operation and/or expansion of business; audited financial statements; latest GIS officially submitted to the SEC, if applicable; certification of the NTC on the status of its permits and operations; and an update on the dispersal of ownership undertaking, if applicable.

The reportorial compliance certificate issued by Congress shall be required before any application for permit or certificate is accepted by the NTC.

SEC. 16. Fine. — Failure of the grantee to submit the requisite annual report to Congress shall be penalized with a fine of One million pesos (P1,000,000.00) per working day of noncompliance, the effectivity of which shall commence upon applicability with other telecommunications franchise grantees: Provided, That in the interim, the grantee shall be liable to pay the fine of Five hundred pesos (P500.00) per working day of noncompliance. The fine shall be collected by the NTC from the delinquent franchise grantee separate from the reportorial penalties imposed by the NTC, and the same shall be remitted to the Bureau of the Treasury.

SEC. 17. Equality Clause. — Any advantage, favor, privilege, exemption, or immunity granted under existing franchises, or which may hereafter be granted, upon prior review and approval of Congress, shall become part of this franchise and shall be accorded immediately and unconditionally to the herein grantee: Provided, That the foregoing shall neither apply to nor affect the provisions of telecommunications franchises concerning territorial coverage, the term, or the type of service authorized by the franchise.
SEC. 18. Repealability and Nonexclusivity Clause. — This franchise shall be subject to amendment, alteration, or repeal by the Congress of the Philippines when the public interest so requires and shall not be interpreted as an exclusive grant of the privileges herein provided for.

SEC. 19. Separability Clause. — If any of the sections or provisions of this Act is held invalid, all other provisions not affected thereby shall remain valid.

SEC. 20. Repealing Clause. — All laws, decrees, orders, resolutions, instructions, rules and regulations, and other issuances or parts thereof which are inconsistent with the provisions of this Act are hereby repealed, amended, or modified accordingly.

SEC. 21. Effectivity. — This Act shall take effect fifteen (15) days after its publication in the Official Gazette or in a newspaper of general circulation.

Approved,
