HOUSE OF REPRESENTATIVES

H. No. 7615

BY REPRESENTATIVES ROMUALDO, MACEDA AND ALVAREZ (F.), PER COMMITTEE REPORT NO. 473

AN ACT
GRANTING INSTANT DATA, INC., A FRANCHISE TO CONSTRUCT, INSTALL, ESTABLISH, OPERATE AND MAINTAIN TELECOMMUNICATIONS SYSTEMS THROUGHOUT THE PHILIPPINES

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. Nature and Scope of Franchise. - Subject to the provisions of the Constitution and applicable laws, rules and regulations, there is hereby granted to INSTANT DATA, INC., hereunder referred as the grantee, its successor or assignees, a franchise to construct, install, establish, operate, and maintain for commercial purposes and in the public interest, throughout the Philippines and between the Philippines and other countries and territories, wired and/or wireless telecommunications systems including, mobile, cellular, fixed line, paging, trunked radio, fiber optics, multi-channel multipoint distribution system (MMDS), local multipoint distribution system (LMDS), satellite transmit and receive systems, switches, and value added services such as transmission of voice, data, images, facsimile, control signs, audio and video, and all other telecommunications systems technologies as are present available or will be made available through technological advances or innovations in the future; or construct, acquire, lease, and operate or manage transmitting and receiving stations, landing stations of submarine cables, lines, systems, or other cables as it may consider necessary and convenient to efficiently carry out the purpose of this franchise.
SEC. 2. Manner of Operation of Stations or Facilities. – The stations or facilities of the grantee shall be constructed and operated in a manner as will, at most, result only in the minimum interference on the wavelengths or frequencies of existing stations or other stations which may be established by law, without in any way diminishing its own right to use its assigned wavelengths or frequencies and the quality of transmission or reception thereon as should maximize rendition of the grantee's services or the availability thereof.

SEC. 3. Authority of the National Telecommunications Commission. – The grantee shall secure from the National Telecommunications Commission (NTC) a Certificate of Public Convenience and Necessity or the appropriate permits and licenses for the construction, installation and operation of its telecommunications systems or facilities. In issuing the certificate, the NTC shall have the power to regulate and impose such conditions relative to the construction, operation, maintenance, or service level of the telecommunications systems or facilities. Such certificate shall state the areas covered and the date the grantee shall commence the service. The grantee shall not use any frequency in the radio spectrum without authorization from the NTC. The NTC, however, shall not unreasonably withhold or delay the grant of such authority, permit or license.

In case of any violation of the provisions of this franchise, the NTC shall have the authority to revoke or suspend, after due process, the permits or licenses it issued pursuant to the franchise. The NTC may recommend to the Congress of the Philippines (Congress) the revocation of the franchise for any violation of the provisions of this franchise.

SEC. 4. Excavation and Restoration Works. – For the purpose of erecting and maintaining poles or other supports for said wires or other conductors for the purpose of laying and maintaining underground wires, cables, or other conductors, it shall be lawful for the grantee, its successors or assignees, with the prior approval of the Department of Public Works and Highways (DPWH) or the local government unit (LGU) concerned, as may be appropriate, to make excavations or lay conduits in any of the public places, roads, highways, streets, lanes, alleys, avenues, sidewalks, or bridges of the province, cities, or municipalities: Provided, however, That a public place, road, highway, street, lane, alley, avenue, sidewalk, or bridge disturbed,
altered or changed by reason of erection of poles or other supports or the
underground laying of wires, other conductors or conduits, shall be repaired and
replaced in workmanlike manner by the grantee, its successors or assignees, in
accordance with the standards set by DPWH or the LGU concerned. Should the
granatee, its successors or assignees, after the ten (10)-day notice from the said
authority, fail, refuse, or neglect to repair or replace any part of public place, road,
highway, street, lane, alley, avenue, sidewalk, or bridge altered, changed or
disturbed by the said grantee, its successors or assignees, then the DPWH or the
LGU concerned shall have the right to have the same repaired and placed in good
order and condition, and charge the grantee, its successors or assignees at double
the amount of the costs and expenses for such repair or replacement.

SEC. 5. Responsibility to the Public. - The grantee shall conform to the ethics
of honest enterprise and not use its stations or facilities for obscene or indecent
transmission, or for dissemination of deliberately false information, or willful
misrepresentation, or assist in subversive or treasonable acts.

The grantee shall operate and maintain all its stations, lines, cables, systems,
and equipment for the transmission and reception of messages, signals, and pulses
in a satisfactory manner at all times, and as far as economical and practicable,
modify, improve, or change such stations, lines, cables, systems, and equipment to
keep abreast with the advances in science and technology.

The grantee shall improve and extend its services in areas not yet served, and
in hazard-and typhoon-prone areas that shall be determined by the National Disaster
Risk Reduction and Management Council, or its legal successor, in coordination with
the NTC.

The grantee shall also improve and upgrade its equipment, facilities and
services, in order to ensure effective compliance with the objectives of Republic Act
No. 10639, or the “Free Mobile Disaster Alerts Act”.

SEC. 6. Rates for Services. – The charges and rates for telecommunications
services of the grantee, except the rates and charges on those that may hereafter be
declared or considered as nonregulated services, whether flat rates or measured
rates or variation thereof, shall be subject to the approval of the NTC or its legal successor. The rates charged by the grantee shall be unbundled, separable and distinct among the services offered and shall be determined in such a manner that regulated services do not subsidize the unregulated ones.

SEC. 7. Right of Government. – The radio spectrum is a finite resource that is part of the national patrimony, and the use thereof is a privilege conferred upon the grantee by the State that may be withdrawn any time after due process.

A special right is hereby reserved to the President of the Philippines, in times of war, rebellion, public peril, calamity, emergency, disaster or disturbance of peace and order, to temporarily take over and operate the stations, transmitters, facilities, or equipment of the grantee, or to temporarily suspend the operation of any station, transmitter, facility, or equipment in the interest of public safety, security, and public welfare, or to authorize the temporary use and operation thereof by any agency of the government, upon due compensation to the grantee for the use of said stations, transmitters, facilities, or equipment during the period when these shall be so operated.

SEC. 8. Term of Franchise. – This franchise shall be in effect for a period of twenty-five (25) years from the date of the effectivity of this Act, unless sooner cancelled. This franchise shall be deemed ipso facto revoked in the event that the grantee fails to comply with any of the following conditions:

(a) commence operations within three (3) years from the approval of its operating permit by the NTC;

(b) commence operations within five (5) years from the effectivity of this Act; and

(c) operate continuously for two (2) years.

SEC. 9. Bond. – The grantee shall file a bond with the NTC, in the amount that the NTC shall determine, to guarantee compliance with and fulfillment of the conditions under which this franchise is granted. If, after three (3) years from the date of approval of its permit by the NTC, the grantee shall have fulfilled the same, the bond shall be released by the NTC. Otherwise, the bond shall be forfeited in favor of the government and the franchise ipso facto revoked.
SEC. 10. Right of Interconnection. – The grantee is hereby authorized to connect or demand connection of its telecommunications systems to other telecommunications systems installed, operated, and maintained by any other duly authorized person or entity in the Philippines for the purpose of providing extended and improved telecommunications services to the public, under the terms and conditions mutually agreed upon by the parties concerned. This right shall be subject to the review and modification of the NTC.

SEC. 11. Mobile Number Portability. – The grantee shall provide mobile number portability (MNP) and its implementing mechanism, and shall interconnect, directly or indirectly, with the infrastructure, facilities, systems, or equipment of other telecommunications franchise grantees. It shall not install network features, functions, or capabilities that will impede the implementation of a nationwide MNP system. The NTC shall issue rules and regulations for this purpose, the effectivity of which shall commence upon applicability with other telecommunications franchise grantees.

SEC. 12. Warranty in Favor of the National and Local Governments. - The grantee shall hold the national, provincial, city, and municipal governments of the Philippines free from all claims, liabilities, accounts, demands, or actions arising out of accidents causing injury to persons or damage to properties, during the construction or operation of the stations, transmitters, facilities, or equipment of the grantee.

SEC. 13. Sale, Lease, Transfer, Grant ofUsufruct, or Assignment of Franchise. – The grantee shall not sell, lease, transfer, grant the usufruct of, nor assign this franchise or the rights and privileges acquired thereunder to any person, firm, company, corporation or other commercial or legal entity, nor merge with any other corporation or entity, nor the controlling interest of the grantee be transferred, simultaneously or contemporaneously, to any person, firm, company, corporation, or entity without the prior approval of Congress.

Congress shall be informed of any sale, lease, transfer, grant of usufruct, or assignment of franchise or the rights and privileges acquired thereunder, or of the merger or transfer of the controlling interest of the grantee, within sixty (60) days
after the completion of the said transaction. Failure to report to Congress such
change of ownership shall render the franchise ipso facto revoked. Any person or
entity to which this franchise is sold, transferred, or assigned shall be subject to the
same conditions, terms, restrictions, and limitations of this Act.

SEC. 14. Dispersal of Ownership. - In accordance with the constitutional
provision to encourage public participation in public utilities, the grantee shall offer to
Filipino citizens at least thirty percent (30%) of its common stocks, or a higher
percentage that may hereafter be provided by law, in any securities exchange in the
Philippines within five (5) years from the effectivity of this Act: Provided, That in
cases where the public offer of shares is not applicable, other methods of
couraging public participation by citizens and corporations operating public utilities
must be implemented. Noncompliance therewith shall render the franchise ipso facto
revoked.

Sec. 15. Commitment to Provide and Promote the Creation of Employment
Opportunities. – The grantee shall create employment opportunities and accept on-
the-job trainees in the franchise operations: Provided, That priority shall be accorded
to the residents of the place where the principal office of the grantee is located:
Provided further, That the grantee shall ensure that at least sixty percent (60%) of its
employees are regular employees and in no case shall the percentage of contractual
employees, job order and casual employees, and independent contractors
combined, exceed forty percent (40%) of its total workforce: Provided, finally, That
the grantee shall comply with the applicable labor standards and allowance
entitlement under existing labor laws, rules and regulations, and similar issuances.

The employment opportunities or jobs created shall be reflected in the
General Information Sheet (GIS) to be submitted to the Securities and Exchange
Commission (SEC) annually. In addition, the grantee shall include in its annual report
to Congress the number of its regularized employees and secure a compliance and
clearance certificate from the Department of Labor and Employment and its relevant
attached agencies.

SEC. 16. Reportorial Requirement. – The grantee shall submit an annual
report on its compliance with the terms and conditions of the franchise and on its
operations to Congress, through the Committee on Legislative Franchises of the
House of Representatives and the Committee on Public Services of the Senate, on
or before April 30 of every year during the term of its franchise.

The annual report shall include an update on the roll-out, development,
operation and/or expansion of business; audited financial statements; latest GIS
officially submitted to the SEC, if applicable; certification of the NTC on the status of
its permits and operations; and an update on the dispersal of ownership undertaking,
if applicable.

The reportorial compliance certificate issued by Congress shall be required
before any application for permit or certificate is accepted by the NTC.

SEC. 17. Fine. — The failure of the grantee to submit the requisite annual
report to Congress shall be penalized with a fine in the amount of One million pesos
(P1,000,000.00) per working day of noncompliance, the effectivity of which shall
commence upon applicability with other telecommunications franchise grantees:
Provided, That in the interim, the grantee shall be liable to pay the fine of Five
hundred pesos (P500.00) per working day of noncompliance. The fine shall be
collected by the NTC from the delinquent franchise grantee separate from the
reportorial penalties imposed by the NTC, and the same shall be remitted to the
Bureau of the Treasury.

SEC. 18. Equality Clause. — Any advantage, favor, privilege, exemption, or
immunity granted under existing franchises, or which may hereafter be granted for
telecommunications, upon prior review and approval of Congress, shall become part
of this franchise and shall be accorded immediately and unconditionally to the herein
grantee: Provided, That the foregoing shall neither apply to nor affect the provisions
of telecommunications franchises concerning territorial coverage, the term, or the
type of service authorized by the franchise.

SEC. 19. Repealability and Nonexclusivity Clause. — This franchise shall be
subject to amendment, alteration, or repeal by Congress when the public interest so
requires and shall not be interpreted as an exclusive grant of the privilege herein
provided for.
SEC. 20. **Separability Clause.** – If any of the sections or provisions of this Act is held invalid, all other provisions not affected thereby shall remain valid.

SEC. 21. **Repealing Clause.** – All laws, decrees, orders, resolutions, instructions, rules and regulations, and other issuances or parts thereof which are inconsistent with the provisions of this Act are hereby repealed, amended, or modified accordingly.

SEC. 22. **Effectivity.**– This Act shall take effect fifteen (15) days after its publication in the *Official Gazette* or in a newspaper of general circulation.

Approved,
