

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 2225

Introduced by Hon. Anthony Peter "Onyx" D. Crisologo

AN ACT
RENAMING QUEZON CITY GENERAL HOSPITAL TO
QUEZON CITY GENERAL HOSPITAL AND MEDICAL CENTER,
AMENDING FOR THIS PURPOSE
REPUBLIC ACT NOS. 537 & 6548

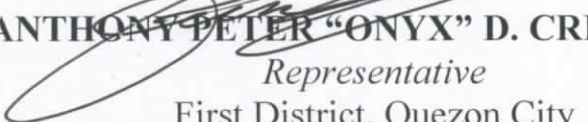

EXPLANATORY NOTE

The Quezon City General Hospital had recently gone through a redevelopment program for the purpose of modernizing its healthcare facilities. Through the years, this five-storey, 250 bed capacity tertiary hospital has evolved into a modern hospital, achieving Level III Status as Tertiary Hospital, the highest level license that can be conferred to a hospital by the Department of Health.

Currently, the hospital boasts its own 4D ultrasound, colposcope with LEEP, ECG machines, computerized radiography and digital fluoroscopy system, and 64-Slice Computerized Tomography Scanner (CT scan). It also has five operating suites, one operating room suite with a deck view used by residents and nurses undergoing training, eight-bed Service Case and six-bed Pay Medical Intensive Care Unit (ICU) complete with patients' monitor and a central monitor, and 10-bed Post Anesthesia Care Unit and four-bed Surgical Intensive Care Unit, amongst others.

With the volition of the Quezon City government, the Quezon City General Hospital is now equipped with modern and state of the art medical facilities that offer nothing but high standards of comfort and effective healthcare to its patients. Its accomplishments and modern medical facilities are enough basis to change its name to "Quezon City General Hospital and Medical Center" as it best encapsulates the hospital's enhanced status.

In view of the foregoing, support on this bill is earnestly sought.

ANTHONY PETER "ONYX" D. CRISOLOGO
Representative
First District, Quezon City
