EIGHTEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 2289

Introduced by Rep. Mohamad Khalid Q. Dimaporo

EXPLANATORY NOTE

The primary purpose of this bill is to convert the Lanao del Norte Provincial Hospital, situated in the Municipality of Baroy, Lanao del Norte into a modern and fully-equipped 300-bed capacity tertiary health provider to be known as the Lanao del Norte Regional Medical Center (LDNRMC) and to upgrade its existing facilities to cater to the needs of the people of Lanao del Norte and the Northern Mindanao Region.

The envisioned Regional Medical Center will be an overhaul improvement to the existing Provincial Hospital in Lanao del Norte. The facilities and equipment in the present set-up is not enough to address the medical concerns of the people, especially those with advanced medical conditions. The patients will most likely travel to the nearest tertiary hospital in the adjacent provinces, which undoubtedly adds extra burden to them in terms of additional expenses.

Advancement in the field of medicine and health services should also be available to the people of Lanao del Norte and Region X, and this measure seeks the realization of bringing modern and advanced health services closer to the people.

Ultimately, the increase in bed capacity of the said hospital will likewise be very beneficial to our people, as the present capacity is frequently overbooked due to the influx of patients during times of crisis.

In view of the foregoing, the prompt approval of this bill is highly and earnestly recommended.
