HOUSE BILL NO. 2665

Introduced by Rep. Wilfrido Mark M. Enverga

EXPLANATORY NOTE

Health is a basic human right. The Constitution provides that the State shall promote and protect the right to health of the people. It is likewise mandated to adopt an integrated and comprehensive approach to health development and shall endeavor to make essential good health and other social services available to all the people at affordable cost.

Cognizant of this constitutional mandate, this bill seeks to establish a regional hospital in the City of Tayabas, Province of Quezon under the supervision, control and management of the Department of Health. Said Regional Hospital if created will provide health services not only to the residents of the province of Quezon but in nearby provinces of Camarines, Marinduque, Laguna and some parts of Batangas.

In view of the foregoing, approval of this proposed measure is earnestly sought.
