### **EXPLANATORY NOTE**

The Congressional Secretariat is vital to the lawmaking process. They ensure that the legislative process proceeds with utmost speed and efficiency, by providing the necessary technical support that keeps the Congress running—from archival services, to committee support, to the scheduling of plenary affairs, to the indexing of legislative documents.

Considering their significant role to an efficient legislative process, there is a need to strengthen and professionalize the legislative secretariat to ensure that lawmakers have competent and efficient individuals to assist them with their legislative needs. This measure proposes for the establishment of the Philippine Legislative Academy which shall provide continued education to these employees and strengthen and sharpen their skills through a specialized curriculum, plus seminars, workshops, and training programs that will all enhance their understanding of and expertise in the legislative process.

Through the Academy, the Congress will have in its service a pool of professionals that will provide invaluable assistance in the lawmaking process.

On behalf of the people of Parañaque City's Second District, and for the common good of the Filipino people, the approval of the said measure is earnestly sought.
